Model Year 2011 Fuel Economy Guide Createspace Independent Publishing Platform

The U.S. Environmental Protection Agency (EPA) and U.S. Department of Energy (DOE) produce the Fuel Economy Guide to help buyers choose the most fuel-efficient vehicle that meets their needs. Most vehicles in this guide have three fuel economy estimates: a "city" estimate ... a "highway" estimate ... a "combined" estimate. Estimates for all vehicles are based on laboratory testing under standardized conditions to allow for fair comparisons.

Fuel Economy Guide 2010 CreateSpace

The Fuel Economy Guide is published by the U.S. Department of Energy as an aid to consumers considering the purchase of a new vehicle. The Guide lists estimates of miles per gallon (mpg) for each vehicle available for the new model year. These estimates are provided by the U.S. Environmental Protection Agency in compliance with Federal Law. By using this Guide, consumers can estimate the average yearly fuel cost for any vehicle. The Guide is intended to help consumers compare the fuel economy of similarly sized cars, light duty trucks and special purpose vehicles.
