Few launch vehicles are as iconic and distinctive as NASA's behemoth rocket, the Saturn V, and none left such a lasting impression on those who watched it ascend. Developed with the specific brief to send humans to the Moon, it pushed rocketry to new scales. Its greatest triumph is that it achieved its goal repeatedly with an enviable record of mission success. Haynes' Saturn V Manual tells the story of this magnificent and hugely powerful machine. It explains how each of the vehicle's three stages worked; Boeing's S-IC first stage with a power output as great as the UK's peak electricity consumption, North American Aviation's S-II troubled second stage, Douglas's workhorse S-IVB third stage with its instrument unit brain - as much a spacecraft as a rocket. From the decision to build it to the operation of its engines' valves and pumps, this lavishly illustrated and deeply informative book offers a deeper appreciation of the amazing Saturn V.

For Harley-Davidson aficionados, the very name Sportster conjures an image of a fire-breathing mechanical beast scorching the world's tarmac an image the Sportster itself often does not live up to. Straight from the factory, in its standard form, the Sportster routinely proves an entry-level motorcycle providing a relatively tame ride. This book aims to change all that and to show every Sportster rider how to free the beast in his or her bike. With expert, detailed advice on the proper mechanical massaging and plenty of helpful diagrams and photos this updated, third edition of Buzz Buzzelli's best-selling handbook shows how the Sportster can be transformed into the superbike of old. Including a history of the Sportster from its birth in 1957 to the recent introduction of a new engine (only the third in its long life), this book has everything it takes to open up the gates of hell and give the Sportster its head.

The Way of the Mysterial Woman is for every woman who feels the call into greatness, authenticity, and meaningful living. This is The Way for women who are stepping into their lives with mind, body, heart, and soul fully engaged, ready to awaken to their true potential. We hear the clarion call, but how will we meet it? It's almost like we need a completely new internal operating system. The Mysterial Way is the upgrade we've been searching for. Women's leadership development pioneers and co-authors Suzanne Anderson and Susan Cannon know that we're not alone in our yearning to meet this call. In fact, they assure us that this is a naturally

occurring global imperative for women. The Way of the Mysterial Woman reveals a Feminine source code, helping us once and for all break through our old limitations, and effectively take our lives to the next level so we can meet the unique callings and urgent challenges of these dynamic times. This is not a passive book for armchair travelers. Drawing upon real life success stories, based on their 12 years of running University certificate women's leadership programs, readers are guided through a step-by-step, transformative "Mysterial Sequence." Each interactive chapter offers practical and fun insights and practices that compel us toward genuine shifts and solid growth. The Way of the Mysterial Woman is a blend of cutting edge transformational psychology, ancient Mystery school secrets, and visionary evolutionary thinking delivered in a warm, down-to-earth style. Here is the elegant code we've been searching for that finally unlocks our greatest potential.
