What's old is new again, and the newest trend on the block is Cafe Racers. Written by well-known motorcycle and automotive author Doug Mitchel, "How to Build a Cafe Racer" starts with a history lesson. While those first bikes were built in the UK for racing from cafe to cafe, the current rage for Cafe Racers has definitely spread to the US. Converting a stock motorcycle to a Cafe Racer requires more than a fairing and a few decals. The book starts with chapters on planning and choosing an appropriate bike, followed by chapters that detail the modifications that will likely be embraced by anyone converting a stocker to a rocker. From shocks and tires to engine modifications, Doug's book lays out each type of modification and how it's best carried through. The center of the book holds a gallery of finished bikes. These are not just Triumphs or Nortons, but nearly every brand imaginable

from Japan, Italy, the UK, and Germany. The final chapters include two, start-to-finish cafe builds. This is the chance for the reader to see how professional shops take a stock Honda, Triumph, or Ducati and convert it into a fast, sexy, and functional Cafe Racer, ready to race from cafe to cafe on Saturday night, or around the race track on Sunday afternoon.

Get ready for what Kirkus calls "A bloody, wonderfully creepy scare ride." When her mom inherits an old, crumbling mansion, Seda's almost excited to spend the summer there. The grounds are beautiful and it's fun to explore the

sprawling house with its creepy rooms and secret passages. Except now her mom wants to renovate, rather than sell the estate—which means they're not going back to the city...or Seda's friends and school. As the days grow shorter, Seda is filled with dread. They're about to be cut off from the outside world, and she's not sure she can handle the solitude or the darkness it brings out in her. Then a group of teens get stranded near the mansion during a blizzard. Seda has no choice but to offer them shelter, even though she knows danger lurks in the dilapidated mansion—and in herself. And as the snow continues to fall, what Seda fears most is about to become her reality...
