A story of magic, family, a mysterious stranger . . . and a band of marauding raccoons. Otter Lake is a sleepy Anishnawbe community where little happens. Until the day a handsome stranger pulls up astride a 1953 Indian Chief motorcycle – and turns Otter Lake completely upside down. Maggie, the Reserve's chief, is swept off her feet, but Virgil, her teenage son, is less than enchanted. Suspicious of the stranger's intentions, he

teams up with his uncle Wayne – a master of aboriginal martial arts – to drive the stranger from the Reserve. And it turns out that the raccoons are willing to lend a hand.

Your job may be all about sales, but not your customers. Did you know that the average executive spends less than 5 percent of their time engaged in the buying of products and services? Therefore, sales professionals who focus solely on the moment of the sale have made a fatal miscalculation in understanding their customers. If you want to gain the winning edge for your sales

performance, it's time to embrace the entire customer life cycle. Beyond the Sales Process provides readers with a proven methodology for driving success before, during, and after every sale. Featuring instructional case studies from companies such as Hilton Worldwide, Merck, and Siemens, this one-of-a-kind resource reveals 12 essential strategies for the sales person wanting to take their performance to a whole new level, including:

Research your customer. Build a vision with them for their own success. Understand your customer's drivers, objectives, and challenges. Create and realize value together. Leverage your results to forge lasting--and mutually beneficial--relationships. And more! See why Jeff Haden, Inc. called it one of 2017's "15 Great Business Books You Should Definitely Read This Year." If you want to successfully sell to your customers, you need to know your

Hoover's Business Press  
Riding motorcycles is fun, but author Ken Condon maintains that there is a state of consciousness to be achieved beyond the simple pleasure of riding down the road. Riding in the Zone helps riders find that state of being. It's the experience of being physically and mentally present in the moment, where every sense is sharply attuned to the ride.

Your mind becomes silent to the chatter of daily life, and everyday problems seem to dissolve. You feel a deeper appreciation for life. Your body responds to this state of being with precise, fluid movements, you feel in balance, your muscles are relaxed, and it seems as though every input you make is an expression of mastery. This is "the Zone." Condon identifies all of the factors that affect entering the Zone and addresses each one individually, from the development of awareness

and mental skills to mastering physical control of the motorcycle. At the end of each chapter are drills designed to transform the book's ideas into solid, practical riding skills. Riding in the Zone takes riders to the next level in their skill set. Cycle World Magazine

“ A good read for anyone who wants to understand what actually determines whether a developing economy will succeed. ”

—Bill Gates, “ Top 5 Books of the Year ” An Economist Best Book of the Year from a reporter who has spent two decades in the region, and who the Financial Times said “ should be named chief myth-buster for Asian business. ” In How Asia

Works, Joe Studwell distills his extensive research into the economies of nine countries—Japan, South Korea, Taiwan, Indonesia, Malaysia, Thailand, the Philippines, Vietnam, and China—into an accessible, readable narrative that debunks Western misconceptions, shows what really happened in Asia and why, and for once makes clear why some countries have boomed while others have languished. Studwell ’ s in-depth analysis focuses on three main areas: land policy,

manufacturing, and finance. Land reform has been essential to the success of Asian economies, giving a kick-start to development by utilizing a large workforce and providing capital for growth. With manufacturing, industrial development alone is not sufficient, Studwell argues. Instead, countries need “ export discipline, ” a government that forces companies to compete on the global scale. And in finance, effective regulation is essential for fostering, and sustaining growth. To

---

explore all of these subjects, Studwell journeys far and wide, drawing on fascinating examples from a Philippine sugar baron ' s stifling of reform to the explosive growth at a Korean steel mill. “ Provocative . . . How Asia Works is a striking and enlightening book . . . A lively mix of scholarship, reporting and polemic. ” —The Economist

Roy wants a bike more than anything, and dreams of wearing the yellow jersey in the Tour de France and beating the best cyclists in the world up in the mountains. But the reality is that Mum is broke, and having trouble coping. So

Roy gets an early morning paper round, to earn the money to buy his bike. He is helped out by Ringer, whose dad is a jailed bank robber. Every morning after the round they go to Uncle's greasy spoon cafe, where Uncle, when he is in the mood, sings opera. But Roy loses the paper round and his world falls to bits. Then Roy gets the chance to steal a bike... Motorcycles & Sweetgrass Causey Enterprises, LLC

---

you need to know, and that's where this informative motorcycle guide written in plain English comes in. From buying and maintaining a bike, to riding safely, to finding great places to ride, *Motorcycling For Dummies* puts you on the road with savvy and style, whether you're new to riding or an experienced motorcyclist. You'll get plenty of help in selecting the right bike and step-by-step instructions on performing routine maintenance tasks. You'll also find out how to

develop safe riding habits and, maybe most important of all, you'll learn more about motorcycling organizations and how to fit in with the biker crowd. Plus, this hands-on resource shows you advanced riding techniques, offers travel tips for long-distance rides, and even helps you get your kids started in motorcycling. Discover how to: Buy a new or used bike Select safe, tough riding gear, from helmet and jacket to boots and pants Get proper training and learn essential

riding skills Insure your bike Pass even the toughest licensing test Try your hand at cruising, touring, sports biking, and more Get involved in motorcycle clubs and events Deal with dangers on the road Customize your bike to improve both style and performance This comprehensive guide concludes with a motorcycling glossary, a guide to motorcycling laws by state, and an appendix with plenty of online resources. Complete with lists of can't-miss biking events,

---

legendary motorcyclists, and must-see motorcycling movies, *Motorcycling For Dummies* gives a whole new meaning to the term "easy rider".

Honda Shadow Vt600 & 750 Penguin

Greatly revised and expanded, with a new afterword, this update to Martin Jacques' s global bestseller is an essential guide to understanding a world increasingly shaped by Chinese power. Soon, China will rule the world. But in doing so, it will not become

more Western. Since the first publication of *When China Rules the World*, the landscape of world power has shifted dramatically. In the three years since the first edition was published, *When China Rules the World* has proved to be a remarkably prescient book, transforming the nature of the debate on China. Now, in this greatly expanded and fully updated edition, boasting nearly 300 pages of new material, and backed up by the latest statistical data, Martin Jacques renews his assault on

conventional thinking about China' s ascendancy, showing how its impact will be as much political and cultural as economic, changing the world as we know it. First published in 2009 to widespread critical acclaim - and controversy - *When China Rules the World: The End of the Western World and the Birth of a New Global Order* has sold a quarter of a million copies, been translated into eleven languages, nominated for two major literary awards, and is the subject of
