introduction to the maintenance and repair of the Mazda 3.

Chilton's Mazda

323/MX-3/626/Millenia/Protege/Ford Probe (1993-97) 1990-98 Repair Manual

The Child's Play Mazda 3 explains, step by step, with a picture for each, how to do the service of your Mazda 3.

It is based on the certainty that everyone can do it, if clearly explicated and shown. Because it is very simple. This manual is suitable for the MAZDA 3 FIRST GENERATION (2003-2007); ENGINE 1.6 L MZ-CD COMMON-RAIL DIESEL: 109 PS (80 KW), 240 N*M (177 LB*FT) It contains an accurate list of the tools you need, a detailed procedure to do

your Mazda 3 service, but also to check and replace your brakes (pads and discs). You will see an example of the service book you should keep up to date, and the scheduled maintenance for all the tasks that have to be done to keep your car in the best conditions. The main goal is to save money. For each maintenance, it will cost you from 35e to 50e maximum, while it costs more than 200e at your car dealer. You save at least 150e per service. More than money, you save time here ! We assure you that after the first learning, you will not need more than 30 minutes! Better than go to the car dealer and wait for two hours. The Child's Play Maintenance manuals have the goal to allow anyone

to do its car service himself. We think your mechanic charge far too much for what it is, and we want you to avoid this useless expense. The Child's Play Mazda 3 is the first of the serie, each manual is specific to a single model (location of the parts are different, as the way to replace them)
