July 2019 marks 50 years
since Neil Armstrong took

his famous first steps on the surface of the Moon. As people around the world celebrate the anniversary of this great American achievement, they might wonder why there have been no further human missions to the Moon since Apollo 17 in 1972. This book assesses the legacy of the Apollo missions based on several decades of space developments since the program's end. The question of why we haven't sent humans back to the Moon is explored through a multidisciplinary lens that

weaves together technological and historical perspectives. The nine manned Apollo missions, including the six that landed on the Moon, are described here by an author who has 50 years of experience in the space industry and whose work spanned the Apollo 8–13 missions. The final section of the book provides a comprehensive assessment of today's programs and current plans for sending humans to the Moon.

In this historical adventure for middle grade readers, a dog travels through time and rescues a family in New Orleans during Hurricane Katrina. Ranger, the time-traveling golden retriever with search-and-rescue training, arrives in New Orleans as Hurricane Katrina approaches and residents start to evacuate the city. Ranger meets Clare Porter, who is searching for her grandmother. Once Ranger helps Clare find Nana, he takes shelter with them at their home in the Lower Ninth Ward, and they wait for Clare's father to return from

the gas station. But there's no sign of him as hours pass and the weather gets worse. The wind picks up and rain pours down. And when the levees break, floodwaters dangerously rise, and Clare and Nana are separated. Can Ranger help Clare navigate the flooded streets to safety and back to her family? Praise for the first book in the Ranger in Time series: "This excellent story contains historical details, full-page illustrations, and enough action to keep even reluctant readers engaged." —School Library Journal "The third-person narration expertly balances Ranger's thoughts between the appropriately doglike (squirrels! bacon!) and the heroic (Ranger's

drive to find and protect).”

—Kirkus Reviews “McMorris’s

richly rendered illustrations

heighten the plot’s many

moments of danger and drama,

and Messner incorporates a wealth

of historical details into her

rousing adventure story.”
