EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine.

Automotive News Newnes

Buying a car can be a smart idea - a car loses the lion's share of its value when it is driven off the new car lot, so why let someone else take that loss? But buyer beware: A used car is likely to need more repairs and may come with a short warranty or none at all. In addition, used cars may lack the latest safety features. That is why it is so important for consumers to do extensive research so they can avoid all of the potential pitfalls of buying a used car. The auto experts at "Consumer Reports" have done the work for you and have compiled their extensive research and report their findings into the 2007 edition of USED CAR BUYING GUIDE. This fabulous tool will help steer any consumer who is in the market for a used car towards the better-performing and more reliable used car models and away from those models with a troubled past or substandard performance. Before consumers set foot on a used car lot, they should read all the valuable information provided in this book so they can be armed with as much information as possible and the knowledge to make an educated choice. "Consumer Reports" knows cars and offers the most detailed and revealing used car reliability information available anywhere including: - Unbiased reviews of every major model from 1999 - 2006- Lists of the best and worst used vehicles and how to avoid a lemon - A checklist of what to look for when inspecting a used car- Best used cars for gas mileage- Tips on negotiating the best priceReliability, recalls and crash test information- Making sense of safety information -How to get the most money when trading in your current car The majority of this book is devoted to the profiles of 264 cars, minivans, SUVs and trucks, presenting all major 1999-2006 models. Each profile contains a photo from the representative year, a write-up of the vehicle, reliability history, crash-test data, and the model years when key safety gear was added and when a major redesign was made.

2004 Cars Consumer Guide Books

As Toyota skids into an ocean of problems and uncertainty continues in the U.S. automotive industry, Lemon-Aid Used Cars and Trucks 20112012 shows buyers how to pick the cheapest and most reliable vehicles from the past 30 years. Lemon-Aid guides are unlike any other car and truck books on the market. Phil Edmonston, Canada's automotive Dr. Phil for 40 years, pulls no punches. Like five books in one, Lemon-Aid Used Cars and Trucks is an expos of car scams and

gas consumption lies; a do-it-yourself service manual; an independent guide that covers beaters, lemons, and collectibles; an archive of secret service bulletins granting free repairs; and a legal primer that even lawyers cant beat! Phil delivers the goods on free fixes for Chrysler, Ford, and GM engine, transmission, brake, and paint defects; lets you know about Corvette and Mustang tops that fly off; gives the lowdown on Honda, Hyundai, and Toyota engines and transmissions; and provides the latest information on computer module glitches.

Popular Mechanics

Volume One traces the history of Opel and Vauxhall separately from inception through to the 1970s and thereafter collectively to 2015. Special attention is devoted to examining innovative engineering features and the role Opel has taken of providing global platforms for GM. Each model is examined individually and supplemented by exhaustive supporting specification tables. The fascinating history of Saab and Lotus begins with their humble beginnings and examines each model in detail and looks at why these unusual marques came under the GM Banner. Included is a penetrating review of Saab through to its unfortunate demise. Volume Two examines unique models and variations of Chevrolet and Buick manufactured in the Southern Hemisphere and Asia but never offered in North America. Daewoo, Wuling and Baojun are other Asian brands covered in detail. This volume concludes with recording the remarkable early success of Holden and its continued independence through to today. Volume Three covers the smaller assembly operations around the world and the evolution of GM's export operations. A brief history of Isuzu, Subaru and Suzuki looks at the three minority interests GM held in Asia. The GM North American model specifications are the most comprehensive to be found in a single book. Global and regional sales statistics are included. GM executives and management from around the globe are listed with the roles they held. An index ensures that these volumes serve as the ideal reference source on GM.
