### The Car Hacker's

Handbook No Starch Press  
Lieutenant Jodenny Scott is  
a hero. She has the medals  
and the scars to prove it.  
She's cooling her heels on  
Kookaburra, recovering  
from injuries sustained  
during the fiery loss of her  
last ship, the Yangtze, and  
she's bored -- so bored, in  
fact, that she takes a berth

on the next ship out. That's a  
mistake. The Aral Sea isn't  
anyone's idea of a get-well  
tour. Jodenny's handed a  
division full of misfits,  
incompetents, and  
criminals. She's a squared-  
away officer. She thinks she  
can handle it all. She's  
wrong. Aral Sea isn't a  
happy ship. And it's about to  
get a lot unhappier. As Aral  
Sea enters the Alcheringa --  
the alien-constructed space  
warp that allows giant settler-  
ships to travel between  
worlds, away from all help  
or hope -- Jodenny comes  
face to face something  
powerful enough to dwarf  
even the unknown force that  
destroyed her last ship and  
left her with missing  
memories and bloody  
nightmares. Lieutenant  
Jodenny Scott is about to be  
introduced to love. Author  
Sandra McDonald brings  
her personal knowledge of  
the military, and of the

Legendary money manager Peter Lynch explains his own strategies for investing and offers advice for how to pick stocks and mutual funds to assemble a successful investment portfolio. Develop a Winning Investment Strategy—with Expert Advice from “The Nation’s #1 Money Manager.” Peter Lynch’s “invest in what you know” strategy has made him a household name with investors both big and small. An important key to investing, Lynch says, is to remember that stocks are not lottery

tickets. There’s a company behind every stock and a reason companies—and their stocks—perform the way they do. In this book, Peter Lynch shows you how you can become an expert in a company and how you can build a profitable investment portfolio, based on your own experience and insights and on straightforward do-it-yourself research. In *Beating the Street*, Lynch for the first time explains how to devise a mutual fund strategy, shows his step-by-step strategies for picking stock, and describes how the individual investor can improve his or her investment performance to rival that of the experts. There’s no reason the individual investor can’t match wits with the experts, and this book will show you how.

Few cars in modern times have caused as much of a stir as the turbocharged Subaru Impreza. It came from nowhere at the start of the 1990s to claim three successive World Rally Championships for its makers in the middle of that decade, and went on to become an enthusiasts' car thanks to its affordability, high performance - and, of course, the glorious exhaust note of its unusual flat-four 'boxer' engine.
