The photos in this edition are black and white. When it comes to their personal transportation, today's youth have shunned the large, heavy performance cars of their parents' generation and instead embrace what has become

known as the sport compact-- smaller, lightweight, modern sports cars of predominantly Japanese manufacture.

These cars respond well to performance modifications due to their light weight and technology-laden, high-revving engines. And by far, the most sought-after and modified cars are the Hondas and Acuras of the mid-'80s to present. An

extremely popular method of improving vehicle performance is a process known as engine swapping. Engine swapping consists of removing a more powerful engine from a better-equipped or more modern vehicle and installing it into your own. It is one of the most efficient and affordable methods of improving your vehicle's performance. This book covers in detail all the most popular performance swaps for Honda Civic, Accord, and Prelude as well as the Acura Integra. It includes vital information on electrics, fit and drive train compatibility, design considerations, step-by-step instruction, and costs. This book is must-have for the Honda enthusiast.

stop militant Islam, Harvath will risk everything to reclaim Mohammed ’ s final revelation and defeat one of the deadliest evils the world has ever known.

THE APOSTLE Every politician has a secret. And when the daughter of a politically connected family is kidnapped abroad, America ’ s new president will agree to anything—even a deadly and ill-advised rescue plan—in order to keep his secret hidden. But when covert counterterrorism operative Scot Harvath is assigned to infiltrate one of the world ’ s most notorious prisons and free the man the kidnapers demand as ransom, he quickly learns that there is much more to the operation than anyone dares to admit. As the subterfuge is laid bare, Harvath must examine his own career of ruthlessly hunting down and killing terrorists and decide if he has what it takes to help one of the world ’ s worst go free. FOREIGN INFLUENCE Buried deep within the black ops budget of the Department of Defense, a newly created spy agency reports only to a secret panel of military insiders. Its job: target America ’ s

enemies—both foreign and domestic— under charter of three simple words—Find, Fix, and Finish. When a bombing in Rome kills a group of American college students, the evidence points to a dangerous colleague from Harvath ’ s past. Leveraging this relationship to lure the suspect out of hiding, Harvath must destroy him. But what if it is the wrong man? In Chicago a young woman is struck by a taxi in a hit-and-run, and the family ’ s attorney uncovers a shocking connection to the Rome bombing. Harvath must link together the desperate violence, and race to prevent one of the most audacious and unthinkable acts of war in the history of mankind.
