This enjoyable, engagingly readable book provides a detailed roadmap for rebuilding and restoring unit-construction Triumph and BSA twins without spending a fortune. The book is organized just as you would a rebuilding project, starting with selecting a bike to work on and finishing with bringing all the pieces together to ride. It contains the practical, down-to-earth information you wish the

factory manuals had, but don't. Brown passes along the tips, shortcuts, and money-saving advice he has acquired over a span of 20 years working with British motorcycles. Every aspect of refurbishing unit-construction British twins is covered: engine work, transmissions, frame repairs, shocks and forks, brakes, tanks, and those pesky Amal carbs and Lucas electrical systems. The book also helps you choose a bike to buy, including how to spot bogus serial numbers and avoid stolen goods. Whether you want to build a concours quality restoration or simply put a good-looking, reliable British bike on the road, you will find plenty of helpful information here.

Elvis Presley, the Hell's Angels, Hunter S. Thompson, Truman Capote, the Beatles, Judy Garland, Hank Williams, Jack Kerouac, Johnny Cash, JFK, the Manson Family and Adolf Hitler. All of the above were, at one time or another, to put it bluntly, speedfreaks. Speed-Speed-Speedfreak traces the criminal and cultural use of amphetamine and its growing use through each new and destructive cycle. Speed is both one of the biggest social problems facing the country today, an indispensable component of the doctor's medicine bag, and a huge and abiding influence on artists, musicians and writers.

Jupiter's Travels -Ted Simon's astonishing 4 year motorbike journey around the world The book that inspired Ewan McGregor's Long Way Round In the late 1970s Ted Simon set off on a Triumph and rode 63,000 miles over four years through fifty-four countries in a journey that took him around the world. Through breakdowns, prison, war, revolutions, disasters and a Californian commune, he travelled into the depths of fear and reached the heights of euphoria. He met astonishing people and was treated as a spy, a welcome stranger and even a god. For Simon

the trip became a journey into his own soul, and for many others - including bikers Charley Boorman and Ewan McGrregor - it provides an inspiration they will never forget. This classic text, which has informed a whole genre of travel writing in the thirty years since it was first published, will never be bettered for sheer adventure, passion, humour and honesty. Brought up in England by a German mother and a Romanian father, Ted Simon found himself impelled by an insatiable desire to explore the world. It led him to abandon an early scientific career in favour of journalism, and he has worked for several newspapers and magazines on Fleet Street and elsewhere. Ted Simon is also the

author of *Riding Home* and *The Gypsy in Me*.
