A New York Times bestseller and enduring classic, All About Love is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. All About Love reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in All About Love. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The Utne Reader declared bell hooks one of the "100 Visionaries Who Can Change Your Life." All About Love is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

The 48 Laws Of Power Sharon Lechter
A stressful, protracted divorce. A difficult, painful death of a beloved husband. And suddenly, after age 50, you're on your own again. Your children have moved out, your parents are aging fast or deceased, your friends' lives continue onward, seemingly unchanged. Being suddenly single after age 50 can be terrifying, but eventually it can also be liberating. It can be fraught with worry and decisions you're unprepared initially to make, but it can also be a time to reevaluate, reestablish, and reinvent. It can be financially and emotionally unstable at times, but it can be the start of a new chapter, or the discovery

of someone you didn't know you were, or could become, after the grief of a loss so difficult. Long-time friends and authors Barbara Ballinger and Margaret Crane have a lot in common. Both lived in the same city for years. Both are writers. Both married their husbands right out of college. Both are mothers of grown children who have left home. And both had aging parents when these difficult journeys began. Both found themselves alone, husbands lost to divorce and death, two separate situations that were equally traumatic—for Barbara, a divorce that took four years to end, and for Margaret, a five-year, gut-wrenching siege of myriad cancers that ended in death. Barbara and Margaret struggled but discovered not only that their new lives were, indeed, worth living, but that the insight gleaned from their experiences could help other people in similar straits. The result is Suddenly Single After 50, an honest and riveting, yet funny and poignant guide that provides advice for those who find themselves divorced, widowed, or otherwise suddenly single just about the time they start getting those AARP cards in the mail and while many of their friends are gleefully discussing retirement plans and toasting milestone wedding anniversaries. Suddenly Single After 50 is told with authenticity, wit, and compassion. They discuss living alone, attending social events alone, eating by themselves, sleeping alone, walking and traveling alone, then how they also came to feel they were not alone, not really, with loyal friends and family. They share how their once right-sized houses suddenly felt empty, too big, and too full of stuff that no longer made sense. They write about all the legal and accounting woes that befell them. And they tell readers what it's like to be over 50 and dating again—after decades out of that scene, which had changed in unfathomable yet often hilarious ways. Suddenly Single After 50 addresses what life is really like when it's suddenly shaped as single. It helps readers understand the grief, frustration, and sadness alongside reawakening into the world. Anyone who finds themselves suddenly single in middle age and beyond—or knows someone who is--will find in these pages both advice and

reflection, support, and a way forward.

Harvey Penick's Little Red Book Independently Published
This practical and inspirational guide to healing from the award-winning, New York Times bestselling author of The Choice shows us how to stop destructive patterns and imprisoning thoughts to find freedom and enjoy life. Edith Eger's powerful first book The Choice told the story of her survival in the concentration camps, her escape, healing, and journey to freedom. Oprah Winfrey says, "I will be forever changed by Dr. Eger's story."

Thousands of people around the world have written to Eger to tell her how The Choice moved them and inspired them to confront their own past and try to heal their pain; and to ask her to write another, more “how-to” book. Now, in The Gift, Eger expands on her message of healing and provides a hands-on guide that gently encourages us to change the thoughts and behaviors that may be keeping us imprisoned in the past. Eger explains that the worst prison she experienced is not the prison that Nazis put her in but the one she created for herself, the prison within her own mind. She describes the twelve most pervasive imprisoning beliefs she has known—including fear, grief, anger, secrets, stress, guilt, shame, and avoidance—and the tools she has discovered to deal with these universal challenges. Accompanied by stories from Eger’s own life and the lives of her patients each chapter includes thought-provoking questions and takeaways, such as: -Would you like to be married to you? -Are you evolving or revolving? -You can’t heal what you can’t feel. Filled with empathy, insight, and humor, The Gift captures the vulnerability and common challenges we all face and provides encouragement and advice for breaking out of our personal prisons to find healing and enjoy life.

author of City of Girls and Eat Pray

Love This is how you find yourself.

There is a voice of longing inside

each woman. We strive so mightily

to be good: good partners,

daughters, mothers, employees,

and friends. We hope all this

striving will make us feel alive.

Instead, it leaves us feeling weary,

stuck, overwhelmed, and underwhelmed. We look at our lives and wonder: Wasn’t it all supposed to be more beautiful than this? We quickly silence that question, telling ourselves to be grateful, hiding our discontent—even from ourselves.

For many years, Glennon Doyle denied her own discontent. Then, while speaking at a conference, she looked at a woman across the room and fell instantly in love. Three words flooded her mind: There She Is. At first, Glennon assumed these words came to her from on high.

But she soon realized they had come to her from within. This was her own voice—the one she had buried beneath decades of numbing addictions, cultural conditioning, and institutional allegiances. This was the voice of the girl she had been before the world told her who to be.

Glennon decided to quit abandoning

herself and to instead abandon the

world’s expectations of her. She

quit being good so she could be

free. She quit pleasing and started

living. Soulful and uproarious,

forceful and tender, Untamed is

both an intimate memoir and a

galvanizing wake-up call. It is the

story of how one woman learned

that a responsible mother is not one

who slowly dies for her children,

but one who shows them how to

fully live. It is the story of

navigating divorce, forming a new

blended family, and discovering that

the brokenness or wholeness of a

family depends not on its structure

but on each member’s ability to

bring her full self to the table. And

it is the story of how each of us can

begin to trust ourselves enough to

set boundaries, make peace with

our bodies, honor our anger and

heartbreak, and unleash our truest,

wildest instincts so that we become

women who can finally look at

ourselves and say: There She Is.

Untamed shows us how to be brave.

As Glennon insists: The braver we

are, the luckier we get.

million Americans suffer such rifts, yet little guidance exists on how to cope with and overcome them. In this book, Karl Pillemer combines the advice of people who have successfully reconciled with powerful insights from social science research. The result is a unique guide to mending fractured families. Fault Lines shares for the first time findings from Dr. Pillemer's ten-year groundbreaking Cornell Reconciliation Project, based on the first national survey on estrangement; rich, in-depth interviews with hundreds of people who have experienced it; and insights from leading family researchers and therapists. He assures people who are estranged, and those who care about them, that they are not alone and that fissures can be bridged. Through the wisdom of people who have "been there," Fault Lines shows how healing is possible through clear steps that people can use right away in their own families. It addresses such questions as: How do rifts begin? What makes estrangement so painful? Why is it so often triggered by a single event? Are you ready to reconcile? How can you overcome past hurts to build a new future with a relative? Tackling a subject that is achingly familiar to almost everyone, especially in an era when powerful outside forces such as technology and mobility are lessening family cohesion, Dr. Pillemer combines dramatic stories, science-based guidance, and practical repair tools to help people find the path to reconciliation.

Men are right. The "relationship talk" does not help. Dr. Patricia Love's and Dr. Steven Stosny's *How to Improve Your Marriage Without Talking About It* reveals the stunning truth about marital happiness: Love is not about better communication. It's about connection. You'll never get a closer relationship with your man by talking to him like you talk to one of your girlfriends. Male emotions are like women's sexuality: you can't be too direct too quickly. There are four ways to connect with a man: touch, activity, sex, routines. Men want closer marriages just as much as women do, but not if they have to act like a woman. Talking makes women move closer; it makes men move away. The secret of the silent male is this: his wife supplies the meaning in his life. The stunning truth about love is that talking doesn't help. Have you ever had this conversation with your spouse? Wife: "Honey, we need to talk about us." Husband: "Do we have to?" Drs. Patricia Love and Steven Stosny have studied this all-too-familiar dynamic between men and women and have reached a truly shocking conclusion. Even with the best of intentions, talking about your relationship doesn't bring you together, and it will eventually drive you apart. The reason for this is that underneath most couples' fights, there is a biological difference at work. A woman's vulnerability to fear and anxiety makes her draw closer, while a man's subtle sensitivity to shame makes him pull away in response. This is why so many married couples fall into the archetypal roles of nagging wife/stonewalling husband, and why improving a marriage can't happen through words. *How to Improve Your Marriage Without Talking About It* teaches couples how to get closer in ways that don't require "trying to turn a man into a woman." Rich in stories of couples who have turned their marriages around, and full of practical advice about the behaviors that make and break marriages, this essential guide will help couples find love beyond words. *Love from A to Z* Workman Publishing
