Atheism

They may ride off into the sunset, but cowboys never go out of style. These manly men embody the fiercely independent, earthy alpha male and hero who isn't afraid to show the gentle, nurturing side of his complex nature when he's faced with a woman in need. Even when he's coated with dust from riding behind a herd of cattle or up to his knees in mud freeing a calf

from a wallow, this stud still generates a lot of Cowboy Heat. Delilah Devlin's Cowboy Lust was a sensation, hitting the top ten of romance books and generating a river of praise. Award-winning Devlin is back on the ranch with stories of rugged romantics, rough riders, and rope wranglers sure to satisfy the reader who craves the idea of that gruff, romantic hero, a man of few words but many moves. Cowboy Heat sits tall in the saddle, winning hearts and spurring readers to new heights of happiness.

Never Feed a Yeti Spaghetti

What is life's most intense pleasure? Did you know that it is free, safe and feels way better than sex? Or that the key to pristine health is not only to eat like a caveman, but to live like one? In *The Awakened Ape* Jevan Pradas uses evolutionary psychology to hack the human mind and body to answer the question: "How can we enjoy life to the fullest?" The results, while unexpected, are completely backed by science. Perpetually bored, anxious, fatigued and overweight, modern society has failed to deliver the happiness it promised. The remedy, Jevan argues, is in a unique synthesis of a Paleolithic lifestyle and Buddhist meditation. A sprawling journey, featuring Jevan's adventures with naked Amazonian tribes and retreats with enlightened monks to learn the secrets of optimal well-being, *The Awakened Ape* will teach you how to achieve deep states of bliss. All while shaping your body into the fit and healthy animal millions of years of evolution programmed you to be.
