Nominated as one of America ' s best-

loved novels by PBS ' s The Great

American Read. An American classic and

great bestseller for over thirty years, A

Separate Peace is timeless in its

description of adolescence during a

period when the entire country was

losing its innocence to World War II. Set

at a boys' boarding school in New

England during the early years of World

War II, A Separate Peace is a harrowing

and luminous parable of the dark side of

adolescence. Gene is a lonely, introverted

intellectual. Phineas is a handsome,

taunting, daredevil athlete. What happens

between the two friends one summer,

like the war itself, banishes the innocence

of these boys and their world.

IS, 1945, I was a naval

engineering cadet at the Kure

Navy Yard near Hiroshima,

Japan. A week later, I was

demobilized and returned to

my home in Tokyo, fortunate

not to find it ravaged by

firebombing. At the beginning

of September, a large

contingent of the American occupation forces led by General Douglas MacArthur moved its base from Yokohama to Tokyo. Near my home I watched a procession of American military motor vehicles snaking along Highway 1. This truly awe-inspiring cavalcade included jeeps, two-and-a-half-ton trucks, and enormous trailers mounted with tanks and artillery. At the time, I was a 21-year-old student in the Machinery Section of Engineering at the Tokyo Imperial University. Watching that magnificent parade of military vehicles, I was more than impressed by the gap in industrial strength between Japan and the U. S. That realization led me to devote my whole life to the development of the Japanese auto industry. I wrote a small article concerning this incident in Nikkei Sangyo Shimbun (one of the leading business newspapers in Japan) on May 2, 1983. The English translation of this story was carried in the July 3, 1983 edition of the Topeka Capital-Journal and the September 13, 1983 issue of the Asian Wall Street Journal. The Topeka Capital-Journal headline read, "MacArthur's Jeeps Were the Toyota Catalyst.

Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as **Auto Repair For Dummies, 2nd Edition** (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself

mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.

Funk explores issues of faith and belief as she re-imagines Samson and Delilah as Ricky and Lucy of I Love Lucy fame. Gluttony is last in the seven deadly sins foot race, huffing and puffing, but it's not for lack of trying. Other poems offer a more personal point of view with assured and tender love poems. Funk writes from experience of marriage and domesticity, and of the ways in which a relationship shapes the person one becomes. A series of poems is drawn from family reminiscence. Children play flashlight tag, a father builds his daughter a tree house, a mother makes a blue velvet Christmas dress: this is poetry created from memory's ragbag. Funk makes something captivating from the cast-off, beauty from memory. Book jacket.
