3rd Edition Med School

One of my friends recommended a smaller and cheaper, yet BETTER book called "How to study in Medical School".. I found it much more useful, with a clear, defined study method presented, and even more tips for doing well. If you're going to get a book to help you spruce up your study skills for med school, there are better options out there.

The MedEdits Guide to Medical School Admissions, Third Edition
I know that the first two years of medical school consist of rigorous classwork. I have heard different things from different sources, but on average it seems that it is the equivalent to 30 credit hours worth of undergraduate classwork. So, I have the concept of what the first two years of medical school is like.
