Connecting deeply with our kids can be difficult in our busy, technology-driven lives. Reading aloud offers us a chance to be fully present with our children. It also increases our kids' academic success, inspires compassion, and fortifies them with the inner strength they need to face life's challenges. As Sarah Mackenzie has found with her own six children, reading aloud long after kids are able to read to themselves can deepen relationships in a powerful way.

Founder of the immensely popular Read-Aloud Revival podcast, Sarah knows first-hand how reading can change a child's life. In *The Read-Aloud Family*, she offers the inspiration and age-appropriate book lists you need to start a read-aloud movement in your own home. From a toddler's wonder to a teenager's resistance, Sarah details practical strategies to make reading aloud a meaningful family ritual. Reading aloud not only has the power to change a family—it has the power to change the

world.

A beloved classic that captures the powerful bond between man and man's best friend. Billy has long dreamt of owning not one, but two, dogs. So when he's finally able to save up enough money for two pups to call his own—Old Dan and Little Ann—he's ecstatic. It doesn't matter that times are tough; together they'll roam the hills of the Ozarks. Soon Billy and his hounds become the finest hunting team in the valley. Stories of their great achievements spread throughout the region, and the combination of Old Dan's brawn, Little Ann's brains, and Billy's sheer will seems unbeatable. But

tragedy awaits these determined hunters—now friends—and Billy learns that hope can grow out of despair, and that the seeds of the future can come from the scars of the past. This unforgettable novel from
renowned author Katherine Applegate
celebrates the transformative power
of unexpected friendship. Inspired by
the true story of a captive gorilla
known as Ivan, this illustrated book is
told from the point of view of Ivan

himself. Having spent twenty-seven
years behind the glass walls of his
enclosure in a shopping mall, Ivan has
grown accustomed to humans watching
him. He hardly ever thinks about his
life in the jungle. Instead, Ivan
occupies himself with television, his
friends Stella and Bob, and painting.
But when he meets Ruby, a baby
elephant taken from the wild, he is
forced to see their home, and his art,
through new eyes. In the tradition of
timeless stories like Charlotte's Web
and Stuart Little, Katherine Applegate
blends humor and poignancy to create
an unforgettable story of friendship,
art, and hope. The One and Only Ivan
features first-person narrative;
author's use of literary devices
(personification, imagery); and story
elements (plot, character development,
perspective). This acclaimed middle
