In this lively and personal story, the author tracks the Mini's life in New Zealand, the connection between Kiwi racing driver Bruce McLaren and the birth of the Mini Cooper, the heady days of competition success in the Antipodes, the local assembly and marketing of the classic original car and the eventual development into the latest generation Mini for a new century. Elizabeth May was born to be an activist. As a young girl, Elizabeth was worried about the health of the planet and believed it was her job to protect it. While other children were playing, she was raising money for important causes, researching the latest science and organizing protests. Before most people had heard about environmentalism, she was an environmentalist, living by her principle of "I have to do something." Written with Elizabeth's daughter Cate, this book reveals how Elizabeth's activism led her to politics, first as leader of the Green Party of Canada and later as a Member of Parliament. Oudry's Painted Menagerie focuses on a suite of eleven life-size portraits of exotic animals from the royal menagerie at Versailles, painted by Oudry between 1739 and 1752. These paintings eventually found their way into the ducal collection in Schwerin, Germany. Among them is the magnificent portrait of Clara, an Indian rhinoceros who became a celebrity in mid-eighteenth-century Europe. Her portrait has been out of public view for more than a century, and it is presented here in its newly conserved state.

While vacationing in the mountains, Eric meets an unusual girl, Susan, who has sparkling, emerald eyes that are unusually captivating. They are a unique, singular shade of green and seem to be imbued with an ancient fire that even a spoiled, youthfully unperceptive Eric could easily feel. He senses a strange maturity about this mysterious girl and is drawn to her like a magnet. When I said we would never be married, I meant in your way, Susan said. Will you marry me in my way? Right now? Even though numerous questions clamored in his head, Eric easily replied, Of course. Eric's answer was far too easy in Susan's opinion. As she mused over his quick reply, she speculated on how to best explain their strange situation in terms that he could understand, an impossibility to do beforehand. He would have to commit himself, then learn the truth. It was unfair to the extreme, yet unavoidable under these very peculiar circumstances, and thus Eric is drawn into a mysterious world.

I Will Survive is the story of Gloria Gaynor, America's "Queen of Disco." It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including "Honey Bee," "I Got You Under My Skin," "Never Can Say Goodbye," and the song that has immortalized her, "I Will Survive," which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.
