The necessity to defend territory from strong points has been a fact of life since mankind first settled into agricultural communities. Sidney Toy traces the development of the art of fortification from the period of earliest historical examples down to the forts designed for defense by artillery, noting the salient features of the military works as well as the siege operations mounted against them. The castle is considered in its military aspect, as a fortress, and its domestic arrangements only in so far as they are ancillary to its function as a fortification and are necessary in its residence. This book is a product of a lifetime of travel, exploration and architectural study. The author himself surveyed most of the places described, and has drawn clear and fascinating ground maps and cross sections. There are also 200 superb photographs, maps and plans.

Panama Canal Treaty: Feb. 27 thru Mar. 16, 1978 Penguin Hardcover
It is the twentieth century's unrivaled epic: at a staggering price, the United States and its allies liberated Europe and vanquished Hitler. In the first two

volumes of his bestselling Liberation Trilogy, Rick Atkinson recounted how they fought through North Africa and Italy to the threshold of victory. Now he tells the most dramatic story of all--the titanic battle for Western Europe. D-Day marked the commencement of the European war's final campaign, and Atkinson's riveting account of that bold gamble sets the pace for the masterly narrative that follows. The brutal fight in Normandy, the liberation of Paris, the disaster that was Operation Market Garden, the horrific Battle of the Bulge, and finally the thrust to the heart of the Third Reich--all these historic events and more come alive with a wealth of new material and a mesmerizing cast of characters. With The Guns at Last Light, the stirring #1 New York Times bestseller and final volume of this monumental trilogy, Atkinson has produced the definitive chronicle of the war that unshackled a continent and preserved freedom in the West.
