Information and its Role in Hunter-Gatherer Bands explores the question of how information, broadly conceived, is acquired, stored, circulated, and utilized in small-scale hunter-gatherer societies, or bands. Given the nature of this question, the volume brings together a group of scholars from multiple disciplines, including archaeology, ethnography, linguistics, and evolutionary ecology. Each of these specialties deals with the question of information in different ways and with different sets of data given different primacy. The fundamental goal of the volume is to bridge disciplines and subdisciplines, open discussion, and see if some common ground—either theoretical perspectives, general principles, or methodologies—can be developed upon which to build future research on the role of information in hunter-gatherer bands.

Sijobang - the singing of a poetic narrative about the legendary hero Anggun Nan Tungga - is a form of popular entertainment in the area around Payakumbuh, in the highlands of West Sumatra. Although the story exists as a written text, it is best known locally as drama and sung narrative, and it is its character as an oral performance that forms the subject of this book. Nigel Phillips begins by setting sijobang in its cultural and literary context, and then goes on to describe the social background and training of the paid storytellers who perform the narrative. He presents a summary of the story, and discusses its transient, fragmentary and unstandardized form. Transcriptions and translations of two recorded performances follow, leading into a description of sijobang's main linguistic and literary features. Finally, Dr Phillips examines in some detail the extent to which performances vary from one occasion to another, and what connection this may have with the storyteller's degree of experience.

The novel periscopes two prejudices, both rooted in slavery and race. A disturbed young American, Tim Forester travels to an African village to interrogate a story that he descends from a black woman in the slavery era. A black beauty, Alero, is ostracised by the village elite because her ancestors were labelled as champions of the slave trade era. Tim is told that the family ancestor's grave lies in a forest. Alero also hears that her dead mother, who was called a crocodile as a way to stigmatise her family as slave dealers, always had a locket believed to be in the forest. Both believe the truth is in a forbidden forest known as "the forest of silence." Tim and Alero confront their pasts and prejudices and what happens to them turns the village into a commotion of revelations that rile young and old, and expose centuries of elite hypocrisy and fear.

[LEARN SPANISH NEWS Vol.4: English & Spanish THIS EDITION](#): The dual-language text has been arranged into sentences and shorter paragraphs for quick and easy cross-referencing. The source text is the Spanish language edition of Voice of America (VOA). The Spanish text has been translated into English for this dual-language project. The reader can choose between four formats: Section 1: English to Spanish Section 2: Spanish to English Section 3: English Section 4: Spanish A methodology for getting the most out of this bilingual format is explained in the book's Foreword. The primary purpose of this text is to equip a foreign language learner with the ability to start reading news in the particular foreign language: to be able to read only in the foreign language, and extract enough understanding to continue the language learning process fruitfully this way. A reader might like to go back to reading dual-language news for reinforcement and further development, returning to foreign language only news with a deeper understanding. By going back to the same 'old' news, you are going over words, word patterns, and passages with which you already have a certain familiarity. The process of reinforcement, learning or retaining of what is new, and exposure to what is unfamiliar, is much easier this way — even though the news may seem a little dated. The aim of informing the reader about actual news is secondary, especially given that the content will become less current (and less relevant) over time. If you are having trouble with the level of difficulty in the text, a suggested path for learning languages is as follows: Familiarise yourself with a basic language instruction book — or re-read the one you have. Once a student has studied the basics, a suitable book about basic grammar can be helpful. The suggestion is that any grammar book be studied more with the intent of recognition and understanding, rather than memorising and obsessive rote learning. Go through as much of the grammar book you feel you can digest — maybe even the whole book — skipping over what is not easily understood. After this, read through a portion of text in a book called 'Spanish Sentences', by 2LanguageBooks, looking for examples of what you have picked up (or gleaned) in your hopefully not so arduous study of grammar. Even repeatedly seeing a word that you remember seeing listed as a 'subject pronoun' or a 'third person plural' verb of some sort is a great help. Then, depending on your inclination, return to the grammar book (or your basic Spanish book), or move on to lengthier bilingual text — like in 2Language Books texts containing news or stories, for example —, or find some suitable Spanish text: a simple novel, a Spanish news website, etc. Grammar books will likely have some verb charts. However, there are currently good on-line resources that go further — dictionaries with a verb conjugation 'search' option. Many basic language books offer some form of audio support. Internet services — primarily news based radio stations — offer podcasts. Audio from television is an additional resource, and can be formatted for use on various digital platforms. However, if audio is an important component of your interest in languages, electronic devices that support quality text-to-speech (TTS) will likely be appealing. With a library card, TTS technology (in a device that supports the relevant content), and the above mentioned resources, an entire language learning system is available for not much more than a cup of coffee! There is no substantial financial outlay to get you started. Furthermore, there are no additional ongoing fees (and updates), and there are no expiry dates on 'premium' content and resources. Rough draughts of some of the following tales and essays were actually written during a residence in the Alhambra; others were subsequently added, founded on notes and observations made there. Care was taken to maintain local coloring and verisimilitude; so that the whole might present a faithful and living picture of that microcosm, that singular little world into which I had been fortuitously thrown; and about which the external world had a very imperfect idea. It was my endeavor scrupulously to depict its half Spanish, half

Oriental character; its mixture of the heroic, the poetic, and the grotesque; to revive the traces of grace and beauty fast fading from its walls; to record the regal and chivalrous traditions concerning those who once trod its courts; and the whimsical and superstitious legends of the motley race now burrowing among its ruins.

Public relations as described in this volume is, among other things, society ' s solution to problems of maladjustment that plague an overcomplex world. All of us, individuals or organizations, depend for survival and growth on adjustment to our publics. Publicist Edward L. Bernays offers here the kind of advice individuals and a variety of organizations sought from him on a professional basis during more than four decades. With such knowledge, every intelligent person can carry on his or her activities more effectively. This book provides know-why as well know-how. Bernays explains the underlying philosophy of public relations and the PR methods and practices to be applied in specific cases. He presents broad approaches and solutions as they were successfully carried out in his long professional career. Public relations is not publicity, press agency, promotion, advertising, or a bag of tricks, but a continuing process of social integration. It is a field of adjusting private and public interest. Everyone engaged in any public activity, and every student of human behavior and society, will find in this book a challenge and opportunity to further both the public interest and their own interest.

A Good Morning America Buzz Pick! As seen in *Vulture*, *Essence*, *Good Morning America*, *The Independent*, *Goodreads*, *PureWow*, and many more! "A sexy, surprising, searing debut about love, loss, desire, and the many dimensions of Black womanhood."—Deesha Philyaw, 2020 National Book Award Finalist & award-winning author of *The Secret Lives of Church Ladies* An arresting debut for anyone looking for insight into what it means to be a Black woman in the world. Three Black women are linked in unexpected ways to the same influential white man in Stockholm as they build their new lives in the most open society run by the most private people. Successful marketing executive Kemi Adeyemi is lured from the U.S. to Sweden by Jonny von Lundin, CEO of the nation's largest marketing firm, to help fix a PR fiasco involving a racially tone-

deaf campaign. A killer at work but a failure in love, Kemi's move is a last-ditch effort to reclaim her social life. A chance meeting with Jonny in business class en route to the U.S. propels former model-turned-flight-attendant Brittany-Rae Johnson into a life of wealth, luxury, and privilege—a life she's not sure she wants—as the object of his unhealthy obsession. And refugee Muna Saheed, who lost her entire family, finds a job cleaning the toilets at Jonny's office as she works to establish her residency in Sweden and, more importantly, seeks connection and a place she can call home. Told through the perspectives of each of the three women, *In Every Mirror She's Black* is a fast-paced, richly nuanced yet accessible contemporary novel that touches on important social issues of racism, classism, fetishization, and tokenism, and what it means to be a Black woman navigating a white-dominated society. Praise for *In Every Mirror She's Black*: "In *Every Mirror She's Black* is a wise and complicated exploration of the lives of three Black women in America and Sweden. Lola Akinmade Åkerström offers a sharply written story with messy, deeply moving characters, raising brutal questions and steering clear of easy answers. A book that will stick with you long after you've turned the last page." —Taylor Jenkins Reid, New York Times bestselling author of *Daisy Jones & The Six* and *Malibu Rising* "In *Every Mirror She's Black* highlights the struggles of three women fighting to assimilate into a society that ignores their worth. These characters will pull at your heartstrings. Lola writes with a contemporary flair, highlighting the layered subtleties of the Black woman's plight. In *Every Mirror She's Black* will stay with readers for a long time." —Nicole Dennis-Benn, author of bestselling novels *Here Comes the Sun* and *Patsy* "In her debut novel, Lola Akinmade Akerstrom has given us a story that is at once enjoyable and disturbing as it explores the painful price millions of women around the world pay for walking around with black skin." —Imbolo Mbue, New York Times bestselling author of *Behold the Dreamers*
