Cambridge IGCSE Computer Science Test Prep Books  
"Follow the simple steps to learn how to draw lots of charming characters and cool vehicles. ... Inside this book there are: creepy crawlies, wild animals, farmyard friends, cuddly creatures, sea life, things that go"--Page [1].

Essential Business Studies for Cambridge IGCSE® & O Level Oxford University Press - Children  
Covers the Cambridge IGCSE syllabus (0455) and the Cambridge O Level syllabus (2281), first examination from 2020. This series helps students understand economic theory, terminology and principles. It matches the Cambridge IGCSE and O Level Economics syllabuses. The coursebook helps students apply tools of economic analysis, make judgements on economic issues, use basic economic numeracy and literacy, and take greater part in decision-making processes in everyday life. Sample questions provide opportunities for students to develop their evaluative skills. It provides a foundation for advanced study in Economics such as A Level. Answers to the coursebook and workbook questions are in the teacher's resource. Business Accounting Oxford University Press, USA  
This volume provides a composite picture of the geographic entity of the country and also a brief history of the Pakistan area from pre-historic times to the present. The author presents data, in the form of tables and maps, related to the various aspects of the geography, the economy and the population. He analyzes the environmental challenges and agricultural problems that the country is facing, and suggests some solutions.

Economics: AS and A Level Thomson Brooks/Cole  
This popular introduction to accounting has been updated to reflect the new AQA and OCR

specifications. It tackles this complex and sometimes confusing subject in a straightforward manner, using simple, uncomplicated language throughout. Each chapter consists of clear, useful guidance on the topic, interspersed with numerous exercises, ensuring that users gain practice as they go along and build their confidence in dealing with accounts. Worked examples are provided throughout each chapter so that students can check their technique as they work through exercises. - Written in extremely clear and straightforward language - Author Ian Harrison is Chief Examiner for a major examination board - Filled with exercises to boost confidence in dealing with accounts - Full colour and uncluttered layout - Chapter summaries highlight key points to aid revision - Examination tips are given as chapters progress
