The Mitsubishi Astron or
4G5/4D5 engine, is a series
of straight-four internal
combustion engines first
built by Mitsubishi Motors in

1972. Engine displacement
ranged from 1.8 to 2.6 litres,
making it one of the largest
four-cylinder engines of its
time. It became the first
Japanese production engine
to combine both electronic
fuel injection (EFI) and
turbocharging.

Engine Service Manual 1994+ - Pdf ...

Does anyone have a wiring diagram for a manual pump 4D56 engine? I just bought a new crate 4D56 to install into my Mazda B2600i and this would be really helpful. I purchased the complete glow plug harness, relays and computer but I don't know what some of the plugs go to. Just the glow plug diagram or a complete electrical diagram would be great.

[SERVICE MANUAL - service-engine.com.ua](http://SERVICE-MANUAL-service-engine.com.ua)

I'm not sure if this is the proper section or not so if it isn't please feel free to move it. I just received a new 4D56 crate motor and I need a wiring diagram. The motor I have has a TPS sensor, I'm needing a wiring diagram for this motor. I found one for a non TPS engine which helps a little but it's not what I need.

Thanks, Jeff
