iPhone 4S: The Illustrated Manual
Lulu.com

Learn how to use your first iPhone easily and intuitively. This step-by-step guide has been specially designed for juniors and seniors who want to learn how to get the most out of their new smartphones. Modern phones are getting harder

and harder to use, especially for those who are new to this technological world and don't know where to turn to learn the basics. Do you want to use applications that keep you in touch with loved ones but you don't know how to install them and no one ever has the time to teach you? You have just come across an easy-to-navigate guide with pictures that explain exactly what to do, as well as explanations of the most commonly used and important terms. With these instructions you will learn how to use your iPhone correctly: not only to keep in touch with your friends but also to learn useful tricks to make your everyday life easier, such as setting your doctor's ID and configuring the SOS emergency call. In this guide you will find the following:

- A complete introduction to your iPhone and all of the key features you need to know;
- How to configure the basic settings for your iPhone, applications, face recognition (Face ID), WiFi connection, and how you save all your data;
- How to learn to photograph your nephews just like a pro;
- Simple explanations on how to use the most popular apps like FaceTime to call you with family and friends;
- How to set up SOS emergency calls and your medical ID to keep

track of your health; • Tips and tricks to help you every day while learning how to solve the problems that may arise with your phone by yourself; • And so forth! Age doesn't have to be a limit in learning, and that's why we want to help you get the most out of your iPhone in a simple, guided way. Click "Buy Now" and discover the joy of learning new things that will make your life better and easier!

MobileReference

In this guide, you will learn how to set up and master many of the essential features of the new iPhone 12 Pro Max, including basic and advanced tips that you may not be aware of. Click the " Add to Cart " to purchase on your closeout or click the " Buy Now " to purchase at least one copy now. The Rough Guide to the iPad (3rd edition) Apress

If you believe some news stories, the latest iPhone update (iOS 8) is radically different and you should beware of updating! They're wrong! This book is for both new users of iPhone and those upgrading to the latest update. I'll walk you

through the changes and show you why updating is nothing to be afraid of. The iPhone doesn't come with a handbook / user guide; this though doesn't mean that you have to buy someone else's handbook! iPhone does have a handbook! There are three ways to get it: 1. Download it from the Apple iBookstore (it's free) 2. Get it online by going to manuals.info.apple.com 3. Get it on your phone; if you go to your bookmarked pages on Safari, the last bookmark is for the 'iPhone User Guide'. So why do you need this book? This book was written for my parents; people who needed to know as much as possible, as quickly as possible. There are people who want to know every single little detail about the iPhone, and you will find that in Apple's comprehensive manual. If you are like my parents though, new to the iPhone and just want to learn all the basics in about 30 to 60 minutes or an hour that is, then this guide will help you. People who just want to know how to add their contacts, how to take photos, and how to email. It's not for advanced users, though if you are upgrading from the previous Apple iOS (iOS 7) then you will most probably find it useful. If you are ready to learn read on!

iPhone: The Missing Manual John Wiley & Sons

The iPhone 5S introduced several new features not seen in the iPhone 5, such

as a fingerprint scanner, new camera features, and an entirely new operating system. This guide will introduce you to these new features and show you how to use them.
