Lesson plans and activities to teach science to middle school students.

General Science Quick Starts

Workbook Evan-Moor Corporation

Build your child's understanding of physical, life, and earth science with this

full-color activity book! Engaging activities and hands-on projects will motivate your fourth grader to learn science concepts that are based on the most current science standards. The simple experiments, using materials that can easily be found at home, help your child understand and retain science concepts in a memorable way.

A Closer Look Teacher Created Materials

These all-inclusive skills resources provide the focused practice students need to apply, reinforce, and review skills in reading, math, and test-taking. Answer key included.

180 Days of Geography for Fourth Grade Evan Moor

Educational Publishers

Supplement your science

curriculum with 180 days of daily practice! This

invaluable classroom resource provides teachers with weekly

science units that build

students' content-area

literacy, and are easy to

incorporate into the

classroom. Students will

analyze and evaluate scientific data and scenarios, improve their understanding of science and engineering practices, answer constructed-response questions, and increase their higher-order thinking skills. Each week covers a particular topic within one of three science strands: life science, physical science, and Earth and space science. Aligned to Next Generation Science Standards (NGSS) and state standards, this resource includes digital materials. Provide students with the skills they need to think like scientists with this essential resource!

The Ultimate Guide To Choosing a Medical Specialty Carson-Dellosa Publishing

Written by kindergarten teacher and Instagram influencer affectionately known as the Tutu Teacher, comes a picture book about a class that creates a kindness pledge to ensure that their class is the kindest it can possibly be. It's the first day of Kindergarten and Leo isn't at all ready. Leo is a quiet kid and would prefer to stay home. Over the summer, his new teacher, Ms. Perry sent a letter asking her students to think about how to show kindness in school. She explained that they would be making a kindness pledge, and each student should bring one way to show kindness on the

first day. As it turns out, Leo's classmates have lots of ideas about kindness: like raising your hand, never leaving anyone out, and apologizing if you hurt someone's feelings. At the end of the first day, Ms. Perry asks if anyone witnessed something they'd like her to add to the kindness pledge? Lots of hands shoot up in the air. Several classmates say they noticed Leo returning crayons to the box, holding the door for everyone, and helping a friend who fell. Leo smiles as he realizes he really does know a lot about kindness after all. A story reassuringly told by Vera Ahlyya and brought to exuberant life by illustrator Joey Chou, this story about a classroom coming together to make a kindergarten into a KINDergarten is sure to calm the nerves -and offer inspiration--to new kindergartners and the adults in their lives.

Ready Player One Random House Books for Young Readers Provides at-home practice that helps students build understanding of physical, life, and earth science. Includes engaging activities from songs, rhymes and hands-on projects to motivate and inspire. Aligned to Next Generation Science and state science standards.

Daily Reading Comprehension, Grade 4 Carson-Dellosa Publishing #1 NEW YORK TIMES BESTSELLER • Now a major motion picture directed by Steven Spielberg. "Enchanting . .

. Willy Wonka meets The Matrix."—USA Today • "As one adventure leads expertly to the next, time simply evaporates."—Entertainment Weekly A world at stake. A quest for the ultimate prize. Are you ready? In the year 2045, reality is an ugly place. The only time Wade Watts really feels alive is when he's jacked into the OASIS, a vast virtual world where most of humanity spends their days. When the eccentric creator of the OASIS dies, he leaves behind a series of fiendish puzzles, based on his obsession with the pop culture of decades past. Whoever is first to solve them will inherit his vast fortune—and control of the OASIS itself. Then Wade cracks the first clue. Suddenly he's beset by rivals who'll kill to take this prize. The race is on—and the only way to survive is to win. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Entertainment Weekly • San Francisco Chronicle • Village Voice • Chicago Sun-Times • iO9 • The AV Club "Delightful . . . the grown-up's Harry Potter."—HuffPost "An addictive read . . . part intergalactic scavenger hunt, part romance, and all heart."—CNN "A most excellent ride . . . Cline stuffs his novel with a cornucopia of pop culture, as if to wink to the reader."—Boston Globe "Ridiculously fun and large-hearted . . . Cline is that rare writer who can translate his own dorky enthusiasms into prose that's both hilarious and passionate."—NPR "[A] fantastic page-turner . . . starts out like a simple bit of fun and winds up feeling like a rich and plausible picture of future friendships in a world not too distant from our own."—iO9

curriculum with 180 days of daily geography practice! This essential classroom resource provides teachers with weekly geography units that build students' geography knowledge, and are easy to incorporate into the classroom. In a world that is becoming more connected and globalized, 21st century students must have the skills necessary to understand their world and how geography affects them and others. Students will develop their map and spatial skills, learn how to answer text- and photo-dependent questions, and study the 5 themes of geography. Each week covers a particular topic and introduces students to a new place or type of map. The first two weeks consist of a mini-unit that focuses entirely on map skills. For additional units, students will study various places, and how culture and geography are related. With a focus on US states, students will explore various types of maps including physical maps, political maps, topographic maps, thematic maps, climate maps, and various topics including scale, legends, cardinal directions, latitude and longitude, and more. Aligned to state standards and National Geography Standards, this resource includes digital
