Alex just has to convince his mom to let him have an iguana, so he puts his arguments in writing. He promises that she won't have to feed it or clean its cage or even see it if she doesn't want to. Of course Mom imagines life with a six-foot-long iguana eating them out of house and home. Alex's reassurances: It takes fifteen years for an iguana to get that big. I'll be married by then and probably living in my own house. and his mom's replies: How are you going to get a girl to marry you when you own a giant reptile? will have kids in hysterics as the negotiations go back and forth through notes. And the lively, imaginative illustrations show their polar opposite dreams of life with an iguana.

Why you need a writing revolution in your classroom and how to lead it The Writing Revolution (TWR) provides a clear method of instruction that you can use no matter what subject or grade level you teach. The model, also known as The Hochman Method, has demonstrated, over and over, that it can turn weak writers into strong communicators by focusing on specific techniques that match their needs and by providing them with targeted feedback. Insurmountable as the challenges faced by many students may seem, The Writing Revolution can make a dramatic difference. And the method does more than improve writing skills. It also helps: Boost reading comprehension Improve organizational and study skills Enhance speaking abilities Develop analytical capabilities The Writing Revolution is as much a method of teaching content as it is a method of teaching writing. There's no separate writing block and no separate writing curriculum. Instead, teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction. But perhaps what's most revolutionary about the TWR method is that it takes the mystery out of learning to write well. It breaks the writing process down into manageable chunks and

then has students practice the chunks they need, repeatedly, while also learning content.

A hilarious companion to I Wanna Iguana. Ever since their baby sister came along, Alex has been forced to share a room with his little brother, Ethan, and it's a nightmare. Ethan always breaks stuff, snores like a walrus, and sticks crayons up his nose. No hardworking, well-behaved, practically grown-up boy like Alex should have to put up with that! Writing letters to his mom convinced her to let him get his pet iguana, so Alex puts pencil to paper again, this time determined to get his own room. Though all of his powers of persuasion can't get his dad to expand the house, he does come through with a fun alternative to give Alex some space of his own.
