The novels in his Real People series combine powerful characters, gripping plots, and vivid descriptions of tradition and mythology to preserve Cherokee culture and history. War Woman spans the late 1500s to mid-1600s. War Woman, a brave, headstrong, clever Cherokee, is believed by many in her town to be a witch. Having heard stories about the Spanish, and believing there is great profit to be made by trading with them, she leads a small band of youths on the treacherous road to La Florida. This journey, blessed with success and marred by terrible tragedy, marks the beginning of War Woman ' s own personal journey as she leads her people by example and by guidance through terrifying times.

"Kung delivers a touching story enriched by its strong atmosphere," Publishers Weekly, Starred Review "There's much to admire in Kung's debut: vivid Hong Kong backgrounds, a sharp eye for conflicts of class and nationality, and the looming threat to the heroine's family," Kirkus Reviews "Kung finds a key plot element in the hidden lives of the thousands of Filipinas who come to Hong Kong as servants for affluent families and live almost like slaves," The Washington Post "It would be easy to assume that Hong Kong is populated solely by spies and incredibly rich people who made their fortunes off the backs of peasants. What distinguishes this book is a compelling sense of place. This is a Hong Kong readers don't come across very often and the author brings the city alive. It's an unusual debut," Chris Petrakos, The Chicago Tribune "This unusual Far East mystery is as notable for its portrayal of Hong Kong while being returned to Communist China as it is for its intimate study of maternal love. Kung proves an expert storyteller, adroitly probing Claire's psyche, imparting the Far East wisdom she gets from her close friend, a Scottish priest and above all, the maturation under stress of Claire's lover and father of her son. The reader will discover the summoning of a poignant, almost visceral, response to the plight of Kung's besieged principals," Buffalo Evening News, Ed Kelly Foreign correspondent Claire Raymond finds herself uncomfortably sidelined at home on maternity leave. A neighbor's son, Petey, is found dead along the Midlevel district's May Road during the Christmas season only six months before the official handover of Hong Kong from Britain to China. A neurotic anxiety pervades the colonial middle-class and mixes with a mounting religious hysteria among the mistreated Filipina amahs, the housekeepers who slave for Chinese and colonial households. Claire fears for the safety of her own newborn, Caspar. The visit to Hong Kong of Xavier's ex-lover Fabienne adds to her tensions as she investigates Petey's suspicious death.

This manual is intended for use by all Army crewmembers in meeting requirements set forth in Army Regulation 95-1, Training Circular 1-210, and other appropriate aircrew training manuals. Lessons learned from previous military conflicts and recent contingency operations have caused changes in Army

aviation doctrine. With the development of more sophisticated aircraft and weapons systems, Army crewmembers must be capable of operating these systems around the clock, in austere environments, and under adverse conditions. The hazards of stress and fatigue in combat operations and concept of operations will eventually take a toll in aircrew performance and could jeopardize mission accomplishment unless crewmembers are trained to recognize and understand these hazards. Proper training prepares crewmembers and prevents stress and fatigue from reducing mission effectiveness, thereby increasing their chances of survival. Training Circular 3-04.93 provides crewmembers with an understanding of the physiological responses that can occur in the aviation environment. It also describes the effects of the flight environment on individual mission accomplishment. In addition, this publication outlines essential aeromedical training requirements (in Chapter 1) that assist commanders and flight surgeons in conducting aeromedical education for Army crewmembers. Subject areas addressed are by no means all inclusive but are presented to assist crewmembers in increasing performance and efficiency. This publication applies to the Active Army, the Army National Guard/Army National Guard of the United States, and the United States Army Reserve unless otherwise stated.

Native Poetry in Canada: A Contemporary Anthology is the only collection of its kind. It brings together the poetry of many authors whose work has not previously been published in book form alongside that of critically-acclaimed poets, thus offering a record of Native cultural revival as it emerged through poetry from the 1960s to the present. The poets included here adapt English oratory and, above all, a sense of play. Native Poetry in Canada suggests both a history of struggle to be heard and the wealth of Native cultures in Canada today.
