"POWERFUL AND ORIGINAL." --THE TIMES "REWARDING AND WHOLLY ENGAGING." --HISTORICAL NOVEL SOCIETY "ONE OF THE MOST IMPORTANT AND POWERFUL NOVELS OF RECENT GERMAN LITERATURE." --DEUTSCHLANDRADIO KULTUR Hypnotically lyrical and intensely moving, Steven Uhly's epic novel set in the wake of World War II is a finely nuanced yet shattering exploration of universal themes: love, hatred, doubt, survival, guilt, humanity, and redemption. One night in autumn 1944, a gunshot echoes through the alleyways of a small town in occupied Poland. An SS officer is shot dead by a young Polish Jew, Margarita Ejzenstain. In retaliation, his commander orders the execution of thirty-seven Poles--one for every year of the dead man's life. First hidden by a sympathetic German couple, Margarita must then flee the brutal advance of the Soviet army with her newborn baby. So begins a thrilling panorama of intermingled destinies and events that reverberate from that single act of defiance. *Kingdom of Twilight* follows the lives of Jewish refugees and a German family resettled from Bukovina, as well as a former SS officer, chronicling the geographical and psychological dislocation generated by war. A quest for identity and truth takes them from refugee camps to Lübeck, Berlin, Tel Aviv, and New York, as they try to make sense of a changed world, and of their place in it.

Lemon-Aid Used Cars and Trucks 2010-2011 Harry N. Abrams

By the coauthor of the #1 Wall Street Journal and New York Times bestseller *The One Minute Entrepreneur* Offers a simple, straightforward, and proven approach to negotiating anything Written in the popular and accessible "business fable" format Negotiation impacts every aspect of our lives, from the deals we strike on the job to our relationships with family members and neighbors, to the transactions we make as customers. Yet most people do anything they can to avoid negotiation -- it makes them uncomfortable, nervous, even frightened. This plague of "negotiaphobia" is that *The One Minute Negotiator* will remedy. Don Hutson and George Lucas use an engaging business parable to tell the story of a high-level sales professional who learns to master a simple yet profound approach to negotiations. Jay Baxter sells more than anyone else in his company, but his profit margins are slim. Instead of negotiating the best deal for the company, he's giving too much away to get the sale. On a company-sponsored cruise he meets the One Minute Negotiator, who teaches him a three-step negotiating process that can be applied to any situation: closing a deal to get your product in a big-box retail store, getting the best loaner car while your car is in the shop, seeking a fair solution after a hotel messes up your reservation, settling on the price for your new home -- in short, any transaction. The key is flexibility. Most books on negotiation preach one of two gospels: thou shalt collaborate or thou shalt compete. Either everybody works together toward a common goal or the process is basically adversarial. The problem is no two negotiations are alike -- one strategy cannot fit all. *The One Minute Negotiator* teaches you four potential strategies and shows how to choose the one best suited to the situation, your own inclinations, and the strategy being used by the other side. Besides the obvious benefits, conquering negotiaphobia will reduce your stress level. You'll never walk away thinking about what you should have asked for or might have gotten. Instead, with tools Hutson and Lucas provide you can confidently and consistently guide any negotiation to the best possible conclusion.

Fill It With Regular is a new collection of poetry from the author, and artist, Robert Benefiel. The poems included in this tome were all written when the author began to normalize his life after a long battle of depression. Looking not to candy coat life, but to derive his own meaning for living from it, this book looks for the joy possible while reasoning out the sometimes unsettling realities that can accompany any life no matter what the station or circumstances. Whether straight forward or surreal, derived from a past moment or a moment that never happened, the poems offer the reader a steady look at a person salvaging joy from the wreckage of existence.

Manual on Classification of Motor Vehicle Traffic Accidents Springer Nature

The author buys a long-dead vintage BMW sight-unseen, travels a thousand miles to where it sits, gets it running, and drives it home. During the twelve-day trip, he finds that what began as a story of man-versus-machine turns into something else entirely--a story of the kindness of strangers, and how doors sometimes open exactly when you need them to. "Rob Siegel is a writer with the mind of a mechanic and a mechanic with the mind of a writer. He's also an old-school romantic of the best kind, and one of the few people who understands what car culture really means to the people invested in it-free of stereotype, cliché, or pat sentiments you've read a thousand times before. Like all of his writing, *Ran When Parked* focuses heavily on the why behind the hobby. It's a mix of casual, long-form blog entry; detailed how-to; and emotive confessional; most of all, he seems to believe the world would be a better place if everyone else followed on his crazy path and devoted their free time to resurrecting old iron. He's right." -Sam Smith Editor at Large, *Road & Track*
