Black Enterprise Consumer Guide Books

When it was first published twenty years ago, The Bedford Guide for College Writers brought a lively and innovative new approach to the teaching of writing. Since that time, authors X. J. and Dorothy M. Kennedy have won praise for their friendly tone and their view, apparent on every page of the text, that writing is the "usually surprising, often rewarding art of thinking while working with language." More recently, experienced teacher and writer Marcia F. Muth joined the author team, adding more practical advice to help all students — even those underprepared for college work — become successful academic writers. While retaining the highly praised "Kennedy touch," The Bedford Guide continues to evolve to meet classroom needs. The new edition does even more to build essential academic writing skills, with expanded coverage of audience analysis, source-based writing, argumentation and reasoning, and more.

Popular Mechanics

People live at least two lives; the one in front of the family and the one outside of that. Now I can say that my more dominant personality is the only life. As a professional, it makes me feel good to know that people look upon me as someone competent, and possessing leadership qualities. Earning the Bachelors and Masters degrees have provided a different level of confidence; however, my development is attributed to a major portion of life in which I call the human services era or the stripping and male prostitution era. For the past 6 years, teaching and training have been at the forefront. Why tell this story now? Am I worried about what people think? People always compliment the man that I am, so it is necessary to know that mistakes made me into this man. There is not a day that goes by that my thoughts dont rewind to the days of easy money, and frequent sexual encounters. Every time I open a check or check my bank account, my mind takes me to a place where there was no working 8 hours a day to earn minimal money or money being taken from the check to pay taxes. Going back is not an option because of a life fulfilled now. I touch people now, but differently: with my words.
