Psychedelics for spiritual, therapeutic, and problem-solving use • Presents practices for safe and successful psychedelic voyages, including the benefits of having a guide and how to be a guide • Reviews the value of psychedelics for healing and self-discovery as well as how LSD has facilitated scientific and technical problem-solving • Reveals how microdosing (ultr-low doeses) improve cognitive functioning, emotional balance, and physical stamina • This year 600,000 people in the U.S. alone will try LSD for the the first time, joining the 23 million who have already experimented with this substance Called “ America ’ s wisest and most respected authority on psychedelics and their use, ” James Fadiman has been involved with psychedelic research since the 1960s. In this guide to the immediate and long-term effects of psychedelic use for spiritual (high dose), therapeutic (moderate dose), and problem-solving (low dose and microdose) purposes, Fadiman outlines best practices for safe, sacred entheogenic voyages learned through his more than 40 years of experience--from the benefits of having a sensitive guide during a session (and how to be one) to the importance of the setting and pre-session intention. Fadiman reviews the newest as well as the neglected research into the psychotherapeutic value of visionary drug use for increased personal awareness and a host of serious medical conditions, including his recent study of the reasons for and results of psychedelic use among hundreds of students and professionals. He reveals new uses for LSD and other psychedelics, including microdosing, extremely low doses, for improved cognitive functioning and emotional balance. Cautioning that psychedelics are not for everyone, he dispels the myths and misperceptions about psychedelics circulating in textbooks and clinics as well as on the internet. Exploring the life-changing experiences of Ram Dass, Timothy Leary, Aldous Huxley, and Huston Smith as well as Francis Crick and Steve Jobs, Fadiman shows how psychedelics, used wisely, can lead not only to healing but also to scientific breakthroughs and spiritual epiphanies.

Harriet, Jack, and Toby are treasure hunters, searching the Minecraft world for its most valuable hidden secrets. In an abandoned mineshaft, they discovered a lost journal that once belonged to William, a legendary explorer who has gone missing. The first journal took them on a daring adventure to a secret temple deep in the desert. Now they have the second journal, and they ’ re more determined than ever to find the missing explorer. The treasure hunters build a portal and travel to the Nether. Even with the help of the second journal detailing survival strategies for the dangerous biome, the gang is in trouble when they realize two sinister treasure hunters, Valentino and Veronica, are trailing them. Will they make it out alive, or are they in over their heads this time? This is the second book in the new Lost Minecraft Journals series. The chapters of each book alternate between the journal entries (William ’ s story) and the story of the treasure hunters. Fans of Minecraft won ’ t want to miss this wild new adventure. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
