Twenty years ago, the Mazda MX-5 Roadster was born – the result of five years' research and development by two project teams split across Japan and the USA. When launched, it was the sports car the world was waiting for. Over the past 20 years, the MX-5 has evolved and changed, but has managed to stay true to the original philosophy of 'horse and rider as one,' a car to truly engage with the driver and provide the ultimate top-down driving experience with its perfect 50/50 weight distribution and neutral handling – it is easy to control, nimble and light, and inexpensive to buy, own and maintain. The MX-5 is a true testament to itself as the 'world's best-selling sports car,' and with the earlier MkI and MkII available for modest prices, it is the perfect choice as a fun and enjoyable daily driver, a weekend track car, or a project base for a kit car. This book will help you get the MX-5 of your dreams.

The Jaguar XK was launched to great acclaim in 1996 as the successor to the XJS. Jaguar's XK sports models were produced from 1996 to 2014 in two distinct forms: the original steel-bodied XK, and, in 2005, the advanced technology aluminium-bodied New XK. Highly significant for Jaguar, these cars reintroduced the world to Jaguar sports car motoring and, in doing so, echoed the success of previous icons, such as the E-type. The original edition of this book covered just the X-100 (original series) XKs from 1996 through to 2005. This edition, now in paperback, brings the story up to date with the X-150 alloy-bodied cars, from 2006 through to the end of production in 2014. A significantly enlarged work, packed with information and over 130 additional full-colour pictures, this fascinating book is essential reading for all XK owners, prospective owners and enthusiasts – the perfect XK 'handbook.'

Haynes disassembles every subject vehicle and documents every step with thorough instructions and clear photos. Haynes repair manuals are used by the pros, but written for the do-it-yourselfer. *Jaguar Xjs Plus the Supplement Workshop Manual, 1975-1988* Ashgate Publishing, Ltd.

An award-winning scientist offers his unorthodox approach to childrearing: "Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions" (Amy Chua, author of *Battle Hymn of the Tiger Mother*). If you're like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In *Parentology*, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the

outcomes are redemptive—even when Conley's sassy kids show him the limits of his profession.

Parentology teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You'll be laughing and learning at the same time.

The Jaguar XJR-9 is the Group C sports racing car built by Jaguar for the 1988 racing season, winning on its debut at the Daytona 24 Hours, and going on to take victory at the Le Mans 24 Hours (Jaguar's first win at the French classic since 1957). The car also took Jaguar to victory in the 1988 Teams' World Championship, and Drivers' World Championship with Martin Brundle. Works cars ran in the American IMSA Championship (running in Castrol livery), as well as the World Sports Car Championship. The XJR-9 is one of the most evocative sports-racing cars of the 1980s, thanks to its success, instantly recognizable Silk Cut livery, and unforgettable V12 engine note. This Manual tells the complete design and engineering story of the XJR series of sports-racing cars, focusing on the XJR-9, and featuring extensive input from many of the engineers and drivers involved.
