### **Jaguar XK & XKR**

Motor Racing  
Publications

This glorious book tells the story of the celebrated lightweight Jaguar C-type, chassis number XKC 051, that Duncan Hamilton and Tony Rolt drove to victory in the 1953 Le Mans 24 Hours. The car went on to have a busy post-works racing career, first with Ecurie Ecosse, then with privateer drivers Bill Smith and Geoffrey

Allison. Among its small number of collector custodians in later years, the names Briggs Cunningham in America and Adrian Hamilton (son of Duncan) in the UK stand out. The development of the C-type is described, focusing on the three lightweights of 1953 with thinner-gauge aluminum bodies, pioneering disc brakes, and aircraft-style fuel tanks. All this is covered in fascinating detail, supported by interviews with drivers and mechanics, a fine collection of period images and studio photographs.

Whilst at a holiday cottage in Cornwall, nine-year-old Bill makes a fantastic discovery hidden at the back of the garage – a Jaguar XK 120. What's more, an XK 120 that can talk! Bill and the car soon become firm friends. Bill names the car 'XK' and introduces him to his Grandpa. Together they realise that magic happens when Bill sits in the car. The engine starts, XK transforms into a new car, and they are magically transported back in time. XK takes them to Grandpa's childhood home in London, in 1948. Bill sees his

Grandpa and Great Aunt Charlotte, as children, and watches the London of the late 40s being rebuilt after the war. The next time they visit, they witness the Great Smog of 1952 first-hand. Bill realises just how different things were for his Grandpa growing up. When they visit again, it is the day of Princess Elizabeth's Coronation in 1953. At the street party outside Grandpa's house, Bill overhears a conversation between three gentlemen – spies – which sets him, XK and Grandpa a mystery to solve. Their adventures take them across London, with the events of the Coronation day taking place all around them. They must find out what is going on, with XK, young Grandpa and Charlotte's help – and save the day!

operational careers, and reviews of available kits. The third book in the new CarCraft series, Jaguar E-Type, frames the legend of what many call the world's most beautiful car design. Sir William Lyons and Malcolm Sayer carved automotive history with this car across its 1960s-1970s incarnations from roadster to coup é amid the fitting of Straight-Six, to V12 engines. With its new definition of sculptural styling, performance, handling and innovative style, the E-Type or XKE series in the USA, created a car of global impact that remains a great classic of all time. Here, experienced automotive writer, and industrial designer, Lance Cole pays tribute to the car in a detailed yet engaging commentary. New photography, the design story, and full coverage of the modeling options in synthetic materials and die cast metals, create a narrative of vital interest. The Jaguar XK Haynes Publishing

It was code-named X100 and it was to be Jaguar's latest sports cars, featuring both coupe and convertible coachwork. It was to have an all-new V8 engine and it was to replace the XJS. It would also ultimately have the most powerful forced-induction engine of any production Jaguar road card and it had a lot riding on its success. It was the XK8 - a sleek, purposeful grand tourer in the Jaguar tradition. Graham Robson, one-time Jaguar apprentice and a motoring historian with several other Jaguar books to his credit, tells the story of one of the twentieth century's most beautiful sports car, from its conception to the end of the line for both it and the factory it was built in. This book tells the story of how John Egan gradually overcame the odds and, piece by piece, rebuilt this great company, winning over the workforce, the overseas dealers and, most important of all, the customers. Working with Margaret Thatcher and her Government, Egan and his team of managers overcame every obstacle, every setback, every challenge. Again and again, it looked impossible. Yet using innovative techniques, intelligence, eloquence, openness, motor racing and much more, they saved this most charismatic company which has created some of the finest and most loved motor cars of all time. It is an amazing story that will appeal equally to car enthusiasts, those in business and readers interested in social history.
