reviewing skills.

The Journal of Political Economy  
Teacher Created Resources  
Magazine editor and single mother  
Amy Bickers was finally putting her  
life together after a long divorce  
when, on an August night in 2009,  
she witnessed the suicide of her ex-

husband. In 2009, 36,909 suicides  
were reported in the United States.  
In the years since, that number has  
increased. In 2013, the most recent  
year for which statistics are  
available, there were 41,149  
suicides reported in the U.S.  
Around the world, more than  
800,000 people will die by suicide  
this year. It is said that each suicide  
intimately affects six friends and  
family members. A suicide every  
13.7 minutes in the U.S. is  
tragically multiplied by six: six

people who are called "survivors." The Geography of You and Me is a deeply personal and honest exploration of what came next: grief, post-traumatic stress, and healing. It is a journey filled with dark humor, rap songs by Ludacris, too much cursing, and a perfectly healthy fixation on George Clooney. The Geography of You and Me is ultimately a story of forgiveness and hope. Amy forgave her ex-husband almost immediately. The struggle after his death was to forgive herself and to find a way forward in an uncertain landscape. Every year, millions are faced with the complexities of grief and guilt in the wake of unexpected violence and death. This book is for anyone whose reality in the wake of tragedy has not matched up with the books, movies and television shows that tell us how we're supposed to feel and behave. This book is for anyone who is thrust by tragedy into a world they no longer recognize. The Geography of You

and Me is for anyone who no longer knows where they stand when the world is turned upside down.

180 Days of Geography for Third Grade Teacher Created Materials

Report Scholastic Inc.  
Supplement your social studies curriculum with 180 days of daily geography practice! This essential classroom resource provides teachers with weekly geography units that build students' geography knowledge, and are easy to incorporate into the classroom. In a world that is becoming more connected and globalized, 21st century students must have the skills necessary to understand their world and how geography affects them and others. Students will develop their map and spatial skills, learn how to answer text- and photo-dependent questions, and study the 5 themes of geography. Each week covers a particular topic and introduces students to a new place or type of map. The first two weeks consist of a mini-unit that focuses entirely on map skills. For additional units, students will study various places, and how culture and geography are related. With a focus on smaller-scale maps like town and city maps, students will learn: cardinal directions; use of a key/legend; how to identify landforms; rural vs. urban locations; natural resources; relative locations; and what is farther or nearer from a

point. Aligned to state standards and National Geography Standards, this resource includes digital materials.

180 Days of Geography is a fun and effective daily practice workbook designed to help students learn about geography. This easy-to-use third grade workbook is great for at-home learning or in the classroom. The engaging standards-based activities cover grade-level skills with easy to follow instructions and an answer key to quickly assess student understanding. Each week students will explore a new topic focusing on map skills, applying information and data, and connecting what they have learned. Watch students build confidence as they learn about location, place, human-environment interaction, movement, and regions with these quick independent learning activities. Parents appreciate the teacher-approved activity books that keep their child engaged and learning. Great for homeschooling, to reinforce learning at school, or prevent
