Conversations on the Art of Writing

Bedford/st Martins
In this bold book,

Samuel Cohen asserts the literary and historical importance of the period between the fall of the Berlin wall and that of the Twin Towers in New York. With refreshing clarity, he examines six 1990s novels and two post-9/11 novels that explore the impact of the end of the Cold War:

Pynchon's *Mason & Dixon*, Roth's *American Pastoral*, Morrison's *Paradise*, O'Brien's *In the Lake of the Woods*, Didion's *The Last Thing He Wanted*, Eugenides's *Middlesex*, Lethem's *Fortress of Solitude*, and DeLillo's *Underworld*. Cohen emphasizes how these works reconnect the past to a present that is ironically keen on denying that connection. Exploring

the ways ideas about paradise and pastoral, difference and exclusion, innocence and righteousness, triumph and trauma deform the stories Americans tell themselves about their nation's past, *After the End of History* challenges us to reconsider these works in a new light, offering fresh, insightful readings of what are destined to be classic works of literature. At the same time, Cohen enters into the theoretical discussion about postmodern historical understanding. Throwing his hat in the ring with force and style, he confronts not only Francis Fukuyama's triumphalist response to the fall of the Soviet Union but also the other literary and

political “end of history” claims put forth by such theorists as Fredric Jameson and Walter Benn Michaels. In a straightforward, affecting style, *After the End of History* offers us a new vision for the capabilities and confines of contemporary fiction.

50 Essays Bedford/st Martins "An immigrant-ethnic cocktail laced with political oppression, but before shaking, [Alia Yunis] adds Scheherazade, the fabled storyteller who kept herself alive by distracting her tyrannical husband for a thousand and one nights."
--Carolyn See, *Washington Post*
After 85 years, Fatima knows that she is dying because for the last 991 days she has been visited by the immortal storyteller from *The Arabian Nights*, Scheherazade. Just as Scheherazade spun magical stories for 1,001 nights to save her own life, Fatima has spent each night

telling Scheherazade her life stories. But with only nine days left before her death, Fatima has a few loose ends to tie up. She must find a wife for her openly gay grandson, teach Arabic (and birth control) to her 17-year-old granddaughter, make amends with her estranged husband, and decide which of her troublesome children should inherit her family's home in Lebanon--a house she herself has not seen in nearly 70 years. Fatima's children are spread far apart and are wrapped up in their own chaotic lives seemingly disinterested in their mother and their inheritances. But as she weaves stories of her husband,

children, and grandchildren, Fatima brings together a family that is both capricious and steadfast, affectionate and also smothering, connected yet terribly alone. Taken all together, they present a striking and surprising tapestry of modern Arab American life. Shifting between America and Lebanon over the last hundred years, Alia Yunis crafts a bewitching debut novel imbued with great humanity, imagination, family drama and a touch of magic realism. Be prepared to feel utterly charmed.

A Novel

Bedford/st
Martins

From award-
winning
investigative
journalist Kyle
Swenson, *Good
Kids, Bad City* is
the true story of
the longest
wrongful
imprisonment in
the United States
to end in
exoneration, and a
critical social and
political history of

Cleveland, the city
that convicted
them. In the early
1970s, three
African-American
men—Wiley
Bridgeman,
Kwame Ajamu,
and Rickey
Jackson—were
accused and
convicted of the
brutal robbery and
murder of a man
outside of a
convenience store
in Cleveland,
Ohio. The
prosecution 's
case, which
resulted in a
combined 106
years in prison for
the three men,
rested on the more-
than-questionable
testimony of a pre-
teen, Ed Vernon.

The actual
murderer was
never found.
Almost four
decades later,
Vernon recanted
his testimony, and
Wiley, Kwame,
and Rickey were
released. But while
their exoneration
may have ended
one of American
history 's most
disgraceful
miscarriages of
justice, the
corruption and
decay of the city
responsible for
their imprisonment
remain on trial.
Interweaving the
dramatic details of
the case with
Cleveland 's
history—one that,
to this day, is

fraught with systemic discrimination and racial tension—Swenson reveals how this outrage occurred and why. *Good Kids, Bad City* is a work of astonishing empathy and insight: an immersive exploration of race in America, the struggling Midwest, and how lost lives can be recovered. *America's History* Longman Publishing Group Beyond black and white, native and alien, lies a vast and fertile field of human experience. It is here that Eric Liu, former speechwriter for

President Clinton and noted political commentator, invites us to explore. In these compellingly candid essays, Liu reflects on his life as a second-generation Chinese American and reveals the shifting frames of ethnic identity. Finding himself unable to read a Chinese memorial book about his father's life, he looks critically at the cost of his own assimilation. But he casts an equally questioning eye on the effort to sustain vast racial categories like "Asian American." And as he surveys the rising anxiety about China's influence, Liu illuminates the space that Asians have always occupied in the American imagination. Reminiscent of the

work of James Baldwin and its unwavering honesty, *The Accidental Asian* introduces a powerful and elegant voice into the discussion of what it means to be an American. He gained speed as he chased the puck toward his defensive zone. Just as the puck settled between Matt's skates, he was bumped from behind by an opposing player and crashed headfirst into the unforgiving boards. As he struggled to move his arms and legs, an ominously painful silence fell

over the arena. In a split second, star hockey player Matt Brown was suddenly paralyzed from the neck down."--Provided by publisher
