Economics drives the modern world and shapes our lives, but few of us feel we have time to engage with the breadth of ideas in the subject. 50 Economics Classics is the smart person's guide to two centuries of discussion of finance, capitalism and the global economy. From Adam Smith's *Wealth of Nations* to Thomas Piketty's bestseller *Capital in the Twenty-First Century*, here are the great reads, seminal ideas and famous texts clarified and illuminated for all.

Philosophy 100 Essential Thinkers Penguin

Classical Philosophy is the first of a series of books in which Peter Adamson aims ultimately to present a complete history of philosophy, more thoroughly but also more enjoyably than ever before. In short, lively chapters, based on the popular History of Philosophy podcast, he offers an accessible, humorous, and detailed look at the emergence of philosophy with the Presocratics, the probing questions of Socrates, and the first full flowering of philosophy with the dialogues of Plato and the treatises of Aristotle. The story is told 'without any gaps', discussing not only such major figures but also less commonly discussed topics like the Hippocratic Corpus, the Platonic Academy, and the role of women in ancient philosophy. Within the thought of Plato and Aristotle, the reader will find in-depth introductions to major works, such as the *Republic* and the *Nicomachean Ethics*, which are treated in detail that is unusual in an introduction to ancient philosophy. Adamson looks at fascinating but less frequently read Platonic dialogues like the *Charmides* and *Cratylus*, and Aristotle's ideas in zoology and poetics. This full coverage allows him to tackle ancient discussions in all areas of philosophy, including epistemology, metaphysics, philosophy of language, philosophy of science, ethics and politics. Attention is also given to the historical and literary context of classical philosophy, with exploration of how early Greek cosmology responded to the poets Homer and Hesiod, how Socrates was presented by the comic playwright Aristophanes and the historian Xenophon, and how events in Greek history may have influenced Plato's thought. This is a new kind of history which will bring philosophy to life for all readers, including those coming to the subject for the first time.

50 Philosophy Classics

Discover the all-time classic books that have helped millions of people achieve success in their work and personal lives.

Elric of Melniboné Courier Corporation

A kaleidoscope of inspiration that lets the reader delve into the ideas of many of our great spiritual thinkers.

50 Politics Classics: Freedom Equality Power St. Martin's Press

In this new kind of entrée to contemporary epistemology, Kevin McCain presents fifty of the field's most important puzzles, paradoxes, and thought experiments. Assuming no familiarity with epistemology from the reader, McCain titles each case with a memorable name, describes the details of the case, explains the issue(s) to which the case is relevant, and assesses its significance. McCain also briefly reviews the key responses to the case that have been put forward, and provides a helpful list of suggested readings on the topic. Each entry is accessible, succinct, and self-contained. *Epistemology: 50 Puzzles, Paradoxes, and Thought Experiments* is a fantastic learning tool as well as a handy resource for anyone interested in epistemological issues. Key Features: Though concise overall, offers broad coverage of the key areas of epistemology. Describes each imaginative case directly and in a memorable way, making the cases accessible and easy to remember. Provides a list of Suggested Readings for each case, divided into General Overviews, Seminal Presentations, and Other

Important Discussions.

Philosophy 101 OUP Oxford

For over 2000 years, philosophy has been our best guide to the experience of being human, and the true nature of reality. From Aristotle, Plato, Epicurus, Confucius, Cicero and Heraclitus in ancient times to 17th century rationalists Descartes, Leibniz and Spinoza, from 20th-century greats Jean-Paul Sartre, Jean Baudrillard and Simone de Beauvoir to contemporary thinkers Michael Sandel, Peter Singer and Slavoj Žižek, 50 Philosophy Classics explores key writings that have shaped the discipline and had an impact on the real world. Philosophy can no longer be confined to academia, and 50 Philosophy Classics shows how powerful it can be as a tool for opening our minds and helping us think. Whether you are fascinated or daunted by the big questions of how to think, how to be, how to act and how to see, this is the perfect introduction to some of humanity's greatest minds and their landmark books.

An audacious and accessible guide to feminist philosophy—its origins, its key ideas, and its latest directions. *Think Like a Feminist* is an irreverent yet rigorous primer that unpacks over two hundred years of feminist thought. In a time when the word feminism triggers all sorts of responses, many of them conflicting and misinformed, Professor Carol Hay provides this balanced, clarifying, and inspiring examination of what it truly means to be a feminist today. She takes the reader from conceptual questions of sex, gender, intersectionality, and oppression to the practicalities of talking to children, navigating consent, and fighting for adequate space on public transit, without deviating from her clear, accessible, conversational tone. *Think Like a Feminist* is equally a feminist starter kit and an advanced refresher course, connecting longstanding controversies to today's headlines. *Think Like a Feminist* takes on many of the essential questions that feminism has risen up to answer: Is it nature or nurture that's responsible for our gender roles and identities? How is sexism connected to racism, classism, homophobia, transphobia, and other forms of oppression? Who counts as a woman, and who gets to decide? Why have men gotten away with rape and other forms of sexual violence for so long? What responsibility do women themselves bear for maintaining sexism? What, if anything, can we do to make society respond to women's needs and desires? Ferocious, insightful, practical, and unapologetically opinionated, *Think Like a Feminist* is the perfect book for anyone who wants to understand the continuing effects of misogyny in society. By exploring the philosophy underlying the feminist movement, Carol Hay brings today's feminism into focus, so we can deliberately shape the feminist future.

God's Feminist Movement Arcturus Publishing

A philosophical exploration of the entire seven-book Harry Potter series Harry Potter has been heralded as one of the most popular book series of all time and the philosophical nature of Harry, Hermione, and Ron's quest to rid the world of its ultimate evil is one of the many things that make this series special. *The Ultimate Harry Potter and Philosophy* covers all seven titles in J.K. Rowling's groundbreaking series and takes fans back to Godric's Hollow to discuss life after death, to consider what moral reasoning drove Harry to choose death, and to debate whether Sirius Black is a man or a dog. With publication timed to coincide with the release of the movie *Harry Potter and the Deathly Hallows (Part 1)*, this book will be the definitive guide for all fans looking to appreciate the series on a

deeper level. Covers a range of intriguing topics such as the redemption of Severus Snape, the power of love, and destiny in the wizarding world Gives you a new perspective on Harry Potter characters, plot lines, and themes Makes a perfect companion to the Harry Potter books and movies Packed with interesting ideas and insights, *The Ultimate Harry Potter and Philosophy* is an ideal companion for anyone interested in unraveling the subtext and exploring the greater issues at work in the story.

Introduction to Philosophy - Thinking and Poetizing Hachette UK

This book is a reprint of the dissertation that won the 2009 Prize of the Pontifical Academies. The analogy of names is not one of those topics that is important because it is a grand conclusion to intensive philosophical or theological research. Rather, analogy is important because it stands, explicitly or implicitly, at the very beginning of all work in philosophy and theology. For centuries, the thoughts of St. Thomas on analogy, which are found in texts scattered throughout his works, were considered to have been aptly grouped and articulated by Cardinal Cajetan. Most works on analogy in Aquinas since the time of Cajetan merely repeat what Cajetan said. This book approaches the question afresh, returning to the works of St. Thomas in order to find what he thought was the fundamental meaning of the word 'analogy.' Not only are several misconceptions about analogy cleared up, but a description is given of the way that God is first in our thoughts, as well as in reality.

50 Economics Classics Createspace Independent Publishing Platform

From the team that brought you *The Obstacle Is the Way* and *Ego Is the Enemy*, a beautiful daily devotional of Stoic meditations—an instant Wall Street Journal and USA Today Bestseller. Why have history's greatest minds—from George Washington to Frederick the Great to Ralph Waldo Emerson, along with today's top performers from Super Bowl-winning football coaches to CEOs and celebrities—embraced the wisdom of the ancient Stoics? Because they realize that the most valuable wisdom is timeless and that philosophy is for living a better life, not a classroom exercise. *The Daily Stoic* offers 366 days of Stoic insights and exercises, featuring all-new translations from the Emperor Marcus Aurelius, the playwright Seneca, or slave-turned-philosopher Epictetus, as well as lesser-known luminaries like Zeno, Cleanthes, and Musonius Rufus. Every day of the year you'll find one of their pithy, powerful quotations, as well as historical anecdotes, provocative commentary, and a helpful glossary of Greek terms. By following these teachings over the course of a year (and, indeed, for years to come) you'll find the serenity, self-knowledge, and resilience you need to live well.

The revised edition will: - include 7 new contemporary or timely classics such as Judith Butler's *Gender Trouble*, Michael Sandel's *The Tyranny of Merit*, Isaiah Berlin's *The Hedgehog and the Fox* and Mary Midgely's *Myths We Live By*. - include a reader code to access a free pack of downloadable bonus material - have a revised introduction to reflect on the current relevance of philosophy today with topical themes to have emerged in the 9 years since

the last edition was written. - have some of the less relevant titles removed
"50 Philosophy Classics is an impressively wide-ranging compendium of nutshell clarity. It strikes just the right balance between contextual analysis, and breezy illustrative anecdote." Dr Phil Oliver, Department of Philosophy, Middle Tennessee State University, USA

50 Philosophy Ideas You Really Need to Know Simon and Schuster
A first-century Stoic, Epictetus argued that we will always be happy if we learn to desire that things should be exactly as they are. His Enchiridion distills his teachings to illuminate a way to a tranquil life.
How to Think Like a Roman Emperor Hachette UK

"This book is a wonderful introduction to one of history's greatest figures: Marcus Aurelius. His life and this book are a clear guide for those facing adversity, seeking tranquility and pursuing excellence." —Ryan Holiday, bestselling author of *The Obstacle is the Way* and *The Daily Stoic*
The life-changing principles of Stoicism taught through the story of its most famous proponent. Roman emperor Marcus Aurelius was the last famous Stoic philosopher of the ancient world. The *Meditations*, his personal journal, survives to this day as one of the most loved self-help and spiritual classics of all time. In *How to Think Like a Roman Emperor*, cognitive therapist Donald Robertson weaves the life and philosophy of Marcus Aurelius together seamlessly to provide a compelling modern-day guide to the Stoic wisdom followed by countless individuals throughout the centuries as a path to achieving greater fulfillment and emotional resilience. *How to Think Like a Roman Emperor* takes readers on a transformative journey along with Marcus, following his progress from a young noble at the court of Hadrian—taken under the wing of some of the finest philosophers of his day—through to his reign as emperor of Rome at the height of its power. Robertson shows how Marcus used philosophical doctrines and therapeutic practices to build emotional resilience and endure tremendous adversity, and guides readers through applying the same methods to their own lives. Combining remarkable stories from Marcus' life with insights from modern psychology and the enduring wisdom of his philosophy, *How to Think Like a Roman Emperor* puts a human face on Stoicism and offers a timeless and essential guide to handling the ethical and psychological challenges we face today.

The Memorable Thoughts of Socrates Hachette UK
Xenophon gives us an alternative to Plato's accounts of the lessons of Socrates. As you probably know if you are reading this, Socrates left nothing behind by way of written teachings. All we know of the great philosopher's teachings come from the accounts of his students. Xenophon's version (*Memorabilia* of Socrates) is stylistically different from Plato's dialogues (e.g. *Euthyphro*, *Apology*, *Crito*, and *Phaedo*), though Socrates' wisdom and method (questioning) remain consistent.
