Precision Trolling International Marine/Ragged Mountain Press local community development group in Falcarragh. This collaboration has been a very positive experience for the students and staff at P.C.C. and has served to help build links in the community. It has also given our JCSP students the opportunity to work with some of their greatly talented staff and learn so much through workshops, visits and talks. This year, Rang Eoin chose to create a digital book based around a tree planting project they undertook. The idea for this project came about through a donation of trees to the school and community from "Trees on the Land" which is a charity and not-for-profit project from the Green Economy Foundation in collaboration with The Woodland Trust in Northern Ireland. As a JCSP librarian, it is always a proud moment when students see their finished book for the first time and can celebrate the fact that they are authors,

Pobalscoil Chloich Cheannfhaola (P.C.C.) is a community school located in the Gaeltacht area of Falcarragh in the beautiful North West of Co. Donegal. Every year, 2nd-year students who participate in the Junior Certificate Schools Programme (JCSP), have the opportunity to get involved in the JCSP Make a Book exhibition. From c. 1100 until c. 1170, Latin prosimetrical texts characterized by dialogue, allegory, and philosophical speculation enjoyed a notable popularity within the cultural ambit of the French cathedral schools. Inspired by Boethius (TM) "Consolation of Philosophy," the prosimetrum writers applied his literary techniques to the ethical and anthropological concerns of their own era, producing texts of great artistry in the process. This book

investigates the rise of the Boethian impulse in Latin, the innovations of the twelfth-century writers, the difficulties that arose when they attempted to recapture the certainty that characterized the "Consolation," and the survival of aspects of this literary mode in later Latin and vernacular literature.
