Course: Mrs. Sims 5th Grade

Welcome to Fifth Grade Everyday  
Mathematics. This curriculum was developed  
by the University of Chicago School  
Mathematics Project to offer students a broad  
background in mathematics. The features of  
the program described below are to help  
familiarize you with the structure and  
expectations of Everyday Mathematics. A  
problem-solving approach based on  
everyday situations Students learn basic  
5th grade math: Important math skills for 5th  
graders

Finding the Unit and Lesson Numbers. Everyday  
Mathematics is divided into Units, which are  
divided into Lessons. In the upper-left corner of  
the Home Link, you should see an icon like this:

The Unit number is the first number you see in  
the icon, and the Lesson number is the second  
number. In this case, the student is working in  
Unit 5, Lesson 4. To access the help resources,  
you would select "Unit 5" from the list above, and  
then look for the row in the table labeled "Lesson  
5-4."

They contain background information,  
vocabulary, games, and more for each unit.  
5th Grade Family Letters. EM4 Family  
Letters.
