One of the most important forms of communication--intuition--is often

overlooked or misunderstood by many people. In *The Gift Within Us*, author Mary Ann Bohrer explores the subject of intuition through interviews with scientists, paranormal researchers and 33 highly gifted intuitives from around the world who share their stories in individual profile chapters. Ultimately, we learn that every individual has access to this amazing divine wisdom simply by listening to our own inner voice. The process is simple, but the rewards are profound. According to research, people are increasingly identifying

themselves as "spiritual but not religious," yet they don't know how to satisfy their yearning for greater spiritual connection and understanding. In this insightful and groundbreaking book, the author outlines six simple steps to accessing our own inner voice, so that each and every one of us can tap into this incredibly powerful form of communication and divine guidance, *The Gift Within Us*. About The Author Mary Ann Bohrer is a PR professional, communications specialist and intuition advocate who has interviewed some of

---

the most gifted intuitives in the world. She has also interviewed top scientists, psi researchers, academicians and even a leading Catholic Archbishop regarding the topic of intuition, and shares her findings in *The Gift Within Us* that each and every one of us--regardless of religious affiliation, or whether they identify as religious at all--has access to this amazing and life-changing gift, simply by listening to our own inner voice. Editorial Reviews "In *The Gift Within Us*, Mary Ann really captures what it's like to be a psychic medium, and this book shows us how to listen to our own

inner voice. This intelligent book will help many people appreciate and access the spiritual world." James Van Praagh, Spiritual medium and author of *Talking to Heaven*, *Adventures of the Soul*, and *The Power of Love* "This direct connection has always been available to all of us. Some receive this guidance through prayer, some through meditation, and others by simply listening to their inner voice. We all have access to divine wisdom - it's just a matter of knowing and trusting that we are loved and worthy of receiving that guidance." Archbishop Harry J.

Flynn, former Archbishop Emeritus of the Archdiocese of St. Paul and Minneapolis "The evidence is in - intuition is real and it exists within all of us to various degrees. Mary Ann has written a powerful and engaging book that documents real life evidence for this precious gift, and underscores the benefits of listening to our own inner voice." Gary E. Schwartz, PhD, Professor of Psychology, Medicine, Neurology, Psychiatry and Surgery, University of Arizona and Author of *Super Synchronicity*, *The Afterlife Experiments and*

The Sacred Promise (IONS) and Author "Most people have had one or more extraordinary intuitive or transcendent experiences, but we quickly learn not to talk about them. They feel strange and otherworldly, so we're concerned how others will react if we tell them our stories. This is why Mary Ann Bohrer's *The Gift Within Us* is such a gift. It helps to break the paradox of common experiences that no one wants to talk about, and it reminds us that these experiences are real, normal, and valuable. Highly recommended!" Dean Radin, PhD, Chief Scientist at the Institute of Noetic Sciences

This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German

armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English

translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

The Opium Wars of 1840-1860 were dark chapters of history. Britain went to war to force China to import thousands of tons of opium, to cripple and impoverish that nation. The Opium Wars never really ended. The U.S., like China, was too great for the London money lords to occupy by force. One way America is being brought to heel is by the drug trade. Crime and other social problems in the U.S. and Mexico are

massively influenced heroin, by drugs and drug dealing. Illicit drugs may now account for as much as \$1 trillion annually in financing for criminal activity and corruption. TOPICS: The East India Company; British role in the drug trade, from the wars on China, the HongShanghai Bank, Bronfmans, Prohibition, and Organized Crime in the U.S. Financial derivatives; Wall St., money laundering; medical marijuana. decriminalization; Soros and IMF links to drugs. Afghan opium; Colombian cartel; terrorism. Russia targeted by Dope, Inc. cocaine,

amphetamines. More than 30 years have passed since the first edition of Dope, Inc. was published, in 1978. Commissioned by Lyndon Larouche, it threatened the world's power structure. It became America's underground best-seller. Dope, Inc. drew the line between American patriots and the British apparatus destroying the USA. The London and Wall Street bankers ran for cover. A mammoth campaign of slander and government dirty tricks tried to bury the authors, because Dope, Inc. revealed the most deeply held

---

secrets of the big names behind the world's illegal narcotics trade. In Venezuela, the leading drug-running families who were exposed in the Spanish-language version, *Narcotrafico, S.A.*, used their political influence to have it banned and confiscated. Financiers scrambled to control the damage of this unprecedented exposure. The Hongkong and Shanghai Banking Corporation was denied a license in New York State because it failed to refute the charges in *Dope, Inc.*, when the state demanded accounting of its

hidden profits, silent subsidiaries, and paraphernalia of money-laundering. Now in 2010, *Dope, Inc.* is completely updated: Soros - Afghanistan - the government and bankers behind the cartels. Today the British-controlled *dope* trade finances the world's leading terrorist entities - Afghanistan's Taliban, the Chechen rebels, the FARC guerrillas of Colombia. *Dope* money supports the bankrupt world financial system. A trillion dollars goes through the Cayman Islands, the Isle of Man, Dubai. Speculation makes it trillions more. It sucks the blood of

the real economy; and the *dope* destroys mankind's powers of reason. *Light-Duty Vehicle Greenhouse Gas Emission Standards and Corporate Average Fuel Economy Standards (Us National Highway Traffic Safety Administration Regulation) (Nhtsa) (2018 Edition)* Kendall/Hunt Publishing Company Dr. Stanley shows how to push the "hot buttons" of the people you've found to improve your closing percentage . . . and income. "This biography of the young Stalin is more than the story of how a revolutionary was made: it is the first serious investigation, using the full range of Russian and Georgian archives, to explain Stalin's evolution from a romantic and idealistic youth into a hardened political operative. Suny takes seriously the first half of Stalin's life: his intellectual development, his views on issue of nationalities and nationalism, and his

---

role in the Social Democratic debates of the late nineteenth and early twentieth centuries. This book narrates an almost tragic downfall; we see Stalin transform from a poor provincial seminarian, who wrote romantic nationalist poetry, into a fearsome and brutal ruler. Many biographers of Stalin turn to shallow psychological analysis in seeking to explain his embrace of revolution, focusing on the beatings he suffered at the hands of his father or his hero-worship of Lenins, or sensationalizing Stalin's involvement in violent activity. Suny seeks to show Stalin in the complex context of the oppressive tsarist police-state in which

he lived and debates and party politics that animated the revolutionary circles in which he moved. Though working from fragmentary evidence from disparate sources, Suny is able to place Stalin in his intellectual and political context and reveal, not only a different analysis of the man's psychological and intellectual transformation, but a revisionist history of the revolutionary movements themselves before 1917"--

What does loneliness tell us? "Be it chronic or acute, slight or significant, loneliness is proof of our relational design. At the core of our being is this truth—we are designed for and defined by our relationships," former pastors Plass and Cofield write. "We were born with a relentless longing to participate in the lives of others. Fundamentally, we are relational souls." Our ability to make deep and emotionally satisfying connections rests on the capacity to trust, and we all know

trust can be difficult. Early-life relational "programming" and patterns of attachment can serve as blueprints for relationships later in life, whether good or bad. But no matter our conditioning, God is out to reclaim and restructure the deepest terrain of the human soul by helping us shed our reactive "False Self" and put on our receptive "True Self." Through spiritual disciplines and a conscious participation in the love of the Father, Son and Spirit, we transform our self-awareness and our connection with other people. Authored by

counselor Dr. Richard Plass and spiritual director James Cofield, *The Relational Soul* brings together concepts from psychology and spiritual formation. Each chapter includes introductory stories and practical "If this is true, what about you?" questions to help readers engage in relationships in more life-giving ways. When the presence of Christ and community connects with a soul that is open, we witness the miracle of transformation.
