BMW 600 Limousine 1957- 59 Owners Manual & Service

80 pages, 108 black & white illustrations, size 6 x 9 inches. Originally published by BMW this is a faithful reproduction of the owner's handbook and service manual. It includes detailed instructions for the service and maintenance of the major mechanical and electrical components. There is a comprehensive section on routine servicing, maintenance and tune ups, normal operating instructions, control locations etc. plus detailed technical specifications and maintenance charts. The technical maintenance section deals with the more advanced servicing procedures such as setting ignition timing, adjusting valve clearances, carburetor adjustment, clutch and brake adjustment and the electrical system. There is a double-page lubrication chart and wiring diagram plus nine additional pages of exploded drawings for the major components taken from the BMW parts manual that include: engine, exhaust, carburetor, transmission, suspension, steering, chassis and components, body and components, clutch and emission control components. This is a - must have - reference for any BMW 600 enthusiast and would certainly assist in helping any potential purchaser better understand the inner workings prior purchasing of one of these classic automobiles.

This manual is extremely difficult to find on the secondary market and we are pleased to be able to offer this reproduction as a service to all BMW enthusiasts worldwide.
