two ferret-like "outhunters" linked to his neural system--are hired by a mysterious gentleman to fly a ship and its special cargo to Earth, they jump at the job. Caution has never been one of Jordan's strong suits. But this time he may have taken on more than even he can handle. The ship, Icarus, turns out to be a ramshackle hulk, the ragtag crew literally picked up off the street, and the cargo so secret, it's sealed

in a special container that takes up most of the cramped and ill-designed ship. As if that weren't bad enough, it looks like the authorities already suspect something is afoot, there's a saboteur aboard, and the Icarus appears to be shaking apart at the seams. It doesn't seem as if things could get any worse. That is, until a beautiful crew member helps McKell uncover the true nature of the cargo he's carrying. With his enemies closing

in on the lumbering Icarus, the unknown saboteur still aboard, and authorities on Earth pressured to turn them in, McKell and Ixil become fugitives. Their only chance is to stay one step ahead of their pursuers as they try to make it home. A bold and epic novel filled with unrelenting action and a good dose of humor, The Icarus Hunt is a wild hyperspace romp through the galaxy. *DENGEKI DAISY*

Every girl has dreams of meeting Prince Charming, or at least I know I did. A fairy tale-like meeting of love at first sight. Real life and fairy tales are very different.

I'm just a small town Indiana girl that had a chance encounter with one of Hollywood's golden boys. You may think you know where this story goes--not even close. Life is different. Marriage is hard. It's even worse when you're strangers.
