Covers M3, 318i, 323i, 325i, 328i, sedan, coupe and convertible

models 1992-98.

### Motor Sport

The McLaren MP4/4 is the iconic Honda V6 turbo-powered F1 car built by McLaren for the 1988

grand prix season, driven by Ayrton Senna and Alain Prost. Remarkably, the car won all but one race during

1988, and took McLaren's then-new recruit Senna to his first Drivers' World Championship after

a season-long battle with team-mate Prost. McLaren achieved an astonishing 10 one – two finishes

with the car, and suffered only two car-related retirements during the season. The MP4/4 is still

statistically the most dominant F1 car ever built. Ironically, the fact that McLaren was already an

enormously successful and well-resourced team prior to 1988 has led to the assumption that producing

another winning car in the form of the MP4/4 was simply business as usual. The truth is rather different,

with many challenges along the way, mistakes to resolve and, as ever in motor racing, an element of

luck, all playing a part in the MP4/4's extraordinary success. A

wealth of previously unpublished archive material, including original technical drawings and team

documentation, provides fascinating new insight into the design and build of the MP4/4. Produced with

the full cooperation of McLaren, and unique access to a race-winning MP4/4 chassis, this manual tells for

the first time the accurate story of the design, engineering and

---

operation of one of F1 ' s most iconic cars, featuring extensive and often candid input from the designers, engineers and drivers involved. The McLaren story: Brief history of McLaren prior to the MP4/4 and subsequent history to the present day. Design and build of the MP4/4: The full story of how a completely new car, along with a one-off Honda engine, were designed and built for the 1988 season. The MP4/4 in action: A race-by-race account of the MP4/4 ' s performance in the 1988 World Championship. The anatomy of the MP4/4: Chassis, aerodynamics, suspension, steering, brakes, Honda engine, transmission, wheels and tyres, cockpit and electrics. The drivers: Insight from Alain Prost and test-driver Emanuele Pirro, plus a profile of Ayrton Senna with thoughts from his former teammates. Appendices: Specifications, race results and statistics and full chassis histories.

Popular Mechanics  
Published to coincide with the 60th anniversary of the 250F's debut and first World Championship success this new Haynes manual captures the best of this car. The Maserati 250F is one of the classic grand prix cars of all time and won F1 World Championships in 1954 and 1957, both in the hands of Juan Manuel Fangio. Stirling Moss, who won the 1956 Monaco Grand Prix in a 250F, described the car as the nicest front-engined F1 car he drove during his career. Here, in this new Haynes Manual, is a unique perspective on what it takes to restore, maintain and race a Maserati 250F, as well as an insight into the design, engineering, and development and period race history of this iconic racing car.
