2008 Outstanding Academic Title, Choice Magazine From dirt bikes and jet skis to weed wackers and snowblowers, machines powered by small gas engines have become a permanent—and loud—fixture in American culture. But fifty years of high-speed fun and pristine lawns have

not come without cost. In the first comprehensive history of the small-bore engine and the technology it powers, Paul R. Josephson explores the political, environmental, and public health issues surrounding one of America's most dangerous pastimes. Each chapter tells the story of an ecosystem within the United States and the devices that wreak havoc on it—personal watercraft (PWCs) on inland lakes and rivers; all-terrain vehicles (ATVs) in deserts and forests; lawn mowers and leaf blowers in suburbia. In addition to

environmental impacts, Josephson discusses the development and promotion of these technologies, the legal and regulatory efforts made to improve their safety and environmental soundness, and the role of owners' clubs in encouraging responsible operation. Synthesizing information from medical journals, recent environmental research, nongovernmental organizations, and manufacturers, Josephson's compelling history leads to one irrefutable conclusion: these machines cannot be

operated without loss of life and loss of habitat. Two-Stroke Engine Repair and Maintenance Dalton Watson Fine Books Limited The definitive DIY manual on small petrol engines (up to 5.5 hp) used in lawn mowers, rotovators, generators, compressors, pumps, mini-bikes, karts, etc. General chapters on maintenance, fault finding and repair apply to all single-cylinder air-cooled engines. [Small Air-cooled Engine Service Manual](#), 1990-1994 UBD-Gregory's

The greatest small engines in the world are manufactured by Briggs & Stratton. From the informal partnership Stephen F. Briggs

and Harold M. Stratton formed in 1908, Briggs & Stratton has evolved into an industry leader whose name is synonymous with the lawn mower engines it pioneered. The Legend of Briggs & Stratton, 208 pages, is filled with 125 color and 145 black & white images covering Briggs & Stratton's fascinating history.

Consumer Reports 2000 Buying Guide

If you're red-blooded and somewhere between 35 and 50 the chances are that your first bike was a sports moped.

This book takes you on a nostalgic full throttle trip back to the heady days of the 1970s and early 80s when these fabulous little superbikes were available to 16 year-olds. Packed with photos from past and present, this book will revive wonderful memories of the machines, the people, the fashions, and even the music of the time. Includes coverage of AJW, Batavus, Casal, Cimatti, Derbi, Fantic, Flandria, Garelli, Gilera, Gitane,

Honda, Kreidler, KTM, Malaguti, Motobecane, Negrini, NVT, Puch, Suzuki, Testi, Yamaha and Zundapp.
