Santa Claus's daughter sets out to break a curse and free a magical kingdom—in this beloved New York Times bestseller. Though few mortals know his secret, Nicholas is more than a jolly red-suited man who visits children all over the world on Christmas Eve—he is also the king of Forever, Land of the Immortals. Each year he gets letters from millions of boys and girls, and helps make their Christmas wishes come true. But one year, a special little boy from New York City asks something Nicholas has never been asked before: "What do you wish for Christmas, Santa?" With that simple question, a magical story unfolds. Nicholas answers that his only wish is for a child. And soon the immortal people of the kingdom celebrate the arrival of Holly Claus, the princess of Forever and the first child to grace its ground. But their happiness is dashed when an evil sorcerer places a spell on the infant, turning her heart to ice and freezing her kingdom in time. Many years later, just in time for Christmas Eve, Holly travels to New York, intent upon saving Christmas and freeing the land of Forever. Holly will make this the most magical—and memorable—Christmas the world has ever seen. This ebook features a note from Brittney Ryan including rare images and never-before-seen documents from the author's personal collection.

Riding motorcycles is fun, but author Ken Condon maintains that there is a state of consciousness to be achieved beyond the simple pleasure of riding down the road. Riding in the Zone helps riders find that state of being. It's the experience of being physically and mentally present in the moment, where every sense is sharply attuned to the ride. Your mind becomes silent to the chatter of daily life, and everyday problems seem to dissolve. You feel a deeper appreciation for life. Your body responds to this state of being with precise, fluid movements, you feel in balance, your muscles are relaxed, and it seems as though every input you make is an expression of mastery. This is "the Zone." Condon identifies all of the factors that affect entering the Zone and addresses each one individually, from the development of awareness and mental skills to mastering physical control of the motorcycle. At the end of each chapter are drills designed to transform the book's ideas into solid, practical riding skills. Riding in the Zone takes riders to the next level in their skill set.

Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

The Incident Pit Cambridge University Press

Rugged Gentlemen will not answer all the questions that surface in our parenting. I do trust it to open the awareness of simple things, which when done daily, and with a hefty dose of love, will become a starting point to recreate a society determined to develop a healthy mentality of empathy as we learn to fight a growing society rife with self-centered, potentially narcissistic adults. I intend to build an awareness of what lies before us if we continue to turn our heads and to participate in developing a new attitude: proudly show we focus more on the kind of children we are leaving the world, than the world we seek to leave them.

DIVYour one-stop manual for every aspect of DIY motorcycle electrical repair and modification./divDIV/divDIVWe â €™ve all stood at the front desk of a repair shop at some point, staring at an invoice, gritting our teeth and nursing our injured wallets. All vehicles will inevitably need maintenance â €™ and we pay a premium in labor fees every time we take them in â €™ but unlike an automobile, which has its electrical components hermetically sealed within its bodywork, the electrical components on a motorcycle are on display for all the world to see. Out in the open, they are constantly subjected to destructive elements like rain, sand, salt, dust, and ultraviolet rays... virtually everyone who owns a motorcycle will eventually have to deal with electrical problems. In How to Troubleshoot, Repair, and Modify Motorcycle Electrical Systems, motorcycle expert Tracy Martin provides crystal-clear, fully illustrated, step-by-step instructions for every electrical repair imaginable on a bike â €™ from the nuts-and-bolts basics to fuel-injection systems, onboard computers, repair and installation of factory and aftermarket accessories, and everything else in between. Complete with 600 full-color, how-to photos and 20 helpful diagrams, How to Troubleshoot, Repair, and Modify Motorcycle Electrical Systems will keep your bike on the road and your wallet in your pocket./div

WALNECK'S CLASSIC CYCLE TRADER, JANUARY 1992 Haynes Manuals N. America, Incorporated

At least 1 in 6 men have experienced some form of sexual violence. The Bible and Sexual Violence Against Men argues that the shame and stigma around male sexual abuse are interwoven with contemporary social and cultural concepts of masculinity, and are also found in the ancient world and biblical texts themselves. This book is interdisciplinary and has three main areas of exploration: #MenToo? Exploring the myths around sexual violence against men Sexual violence against men in the Hebrew Bible Reading Jesus' enforced nudity at the crucifixion as sexual violence. Given the enduring importance of the Bible in contemporary society, this book explores the biblical texts that depict sexual violence against men. It examines critical approaches from theology, biblical, and religious studies perspectives, while also exploring insights from the fields of sociology, psychology, and criminology as well as referring to legal cases and legislation, charity work, and media-focussed articles. In seeking to serve a number of interested readers, including those who are not familiar with the Bible, short summaries of the biblical texts under discussion are given in each case.
