There are
comprehensive tables of
technical data, tolerances
and fits and all of the
expected data from a
factory publication for
the repair and overhaul
of all major and minor
mechanical and electrical
components, making it an
invaluable resource for
collectors and restorers
of these classic Suzuki
motorcycles. There are
177 illustrations and

each procedure is explained in a step-by-step method using an appropriate illustration. The translation from Japanese to English is, at times, a little quirky but the illustrations make up for any difficulty in understanding what needs to be done! Out-of-print and unavailable for many years, this book is highly sought after on the secondary market and we are pleased to be able to offer this reproduction as a service to all Suzuki enthusiasts worldwide.
