Here is a rhetorical treatment of Karl Barth's early theology. Although scholars have long noted the rhetorical power of Barth's work, calling it volcanic and explosive, this book uses rhetoric to illuminate the peculiar nature of his prose. It displays a Barth whose prose is radically unstable and inseparable from his theological arguments. The author connects Barth's early theology to the Expressionism of the Weimar Republic. He develops an original theory of figures of speech, relying on the philosophies of Paul Ricoeur and Hayden White, to delve more deeply into the particular configurations of Barth's writings. Nietzsche's hyperbole and Kierkegaard's irony are examined as rhetorical precedents of Barth's style. The closing chapter surveys Barth's later, realistic theology and then suggests ways in which his earlier tropes, especially the figures of excess and self-negation, can serve to enable theology to speak today.

Life's not a fairytale for women like me, divorced and creeping up on middle age...until a hot younger man finds my lost shoes. Crashing weddings is so not my thing. I'd much rather stay home and watch HGTV . . . and ignore the fact that my life is messier than those fixer-upper houses. Because my jerk ex left, and the only thing keeping a roof over my sons' heads is my crappy telemarketing job. But then I get a challenge from the Bad Luck Club, the group I joined to turn my luck around: Do something that breaks the rules. One ill-advised confession to my best friend later, I'm strapping on a pair of heels and crashing the wedding of two of the owners of Buchanan

Brewery. The last thing I expect is to meet someone, let alone the sexy younger bartender who calls me out and finds my lost shoes, something straight out of Cinderella. And the very last thing I expect is to fall for him. It feels like I'm in a dream come true, a fairy tale, but the crap part about dreams is that they have to end. Or do they?

Our relationship with money is one that lasts a lifetime, yet traditionally books on the subject tend to take one of two routes: a) how to get more, or b) how to deal with less. John Armstrong turns these approaches upside down, and looks not at money itself, but at how we relate to it and the meaning we attach to it. How does it drive us and frighten us? Can it change the world for the better? And how much do we actually need? Offering surprising and helpful new insights, this book will encourage you to redefine your feelings about money, and ultimately enable you to discover what is really important to you in life. One in the new series of books from The School of Life, launched May 2012: How to Stay Sane by Philippa Perry How to Find Fulfilling Work by Roman Krznaric How to Worry Less About Money by John Armstrong How to Change the World by John-Paul Flintoff How to Thrive in the Digital Age by Tom Chatfield How to Think More About Sex by Alain de Botton

For tens of thousands of Christians, Charles Haddon Spurgeon's "Morning and Evening" has been a daily devotional guide through life's ups and downs. But as time has passed, younger generations, nurtured on contemporary versions of the Bible and less familiar with Spurgeon's beautiful but sometimes difficult prose of the nineteenth century, have needed a devotional guide that made sense to them, written in their language, using the Scripture with which they are familiar. To that end, this new revised edition of "Morning and Evening" offers readers the best of the past" Spurgeon's insight and wise counsel" and the best of the present" the fresh, meaningful prose of the New International Version. Special Features: - Each day's devotions are presented on a two-page spread for complete ease of use. - Each of the 732 devotions" one for every morning and evening of the year" provides inspiring meditations on portions of Scripture drawn from every book

of the Bible. - A new topical index helps readers discover Spurgeon's thoughts on various topics important to Christian life. - An index of texts lets readers find what Spurgeon had to say about a particular Bible verse. Spurgeon has penned meditations, expressed simply but eloquently, that continue to draw readers to faith and obedience. Though Spurgeon published thousands of sermons and many books, "Morning and Evening" remains by far his most popular work. This attractive, contemporary edition makes it easier than ever to enjoy it.

This volume is aimed at those who are concerned about Chinese medicine - how it works, what its current state is and, most important, how to make full use of it. The audience therefore includes clinicians who want to serve their patients better and patients who are eager to supplement their own conventional treatment. The authors of the book belong to three different fields, modern medicine, Chinese medicine and pharmacology. They provide information from their areas of expertise and concern, attempting to make it comprehensive for users. The approach is macroscopic and philosophical; readers convinced of the philosophy are to seek specific assistance.

In a series of entertaining essays, geoscientist Jelle Zeilinga de Boer describes how early settlers discovered and exploited

Connecticut's natural resources. Their successes as well as failures form the very basis of the state's history: Chatham's gold played a role in the acquisition of its Charter, and Middletown's lead helped the colony gain its freedom during the Revolution. Fertile soils in the Central Valley fueled the state's development into an agricultural power house, and iron ores discovered in the western highlands helped trigger its manufacturing eminence. The Statue of Liberty, a quintessential symbol of America, rests on Connecticut's Stony Creek granite. Geology not only shaped the state's physical landscape, but also provided an economic base and played a cultural role by inspiring folklore, paintings, and poems. Illuminated by 50 illustrations and 12 color plates, *Stories in Stone* describes the marvel of Connecticut's geologic diversity and also recounts the impact of past climates, earthquakes, and meteorites on the lives of the people who made Connecticut their home.
