Hi All, Good News. This is a follow up to my previous post above. Even though my 60V500A is six months out of warranty, I was informed by Hitachi that they will replace the light engine at no cost to me. I think that they realize that there is a definate problem with their light engine design/manufacturing process.

The light engine is certainly the problem, and if you get it rebuilt they will take care of whichever parts are at fault, whether blue panel or blue filter or both or something else. All are parts of the light engine. ... 50V500A light engine parts needed please help?

I am at the point with my Hitachi 60V500A that either I find the parts cheaply and do it my self or trash this expensive boat anchor and buy a new TV (Not a Hitachi brand). I can buy a new TV for the \$800 to \$1, 200 costs I have been quoted to replace this optical light engine problem. Thanks for any info that you can supply.

**Hitachi 50v715 light engine replacement | Techlore**

Have a light engine problem with my 50v500. The light engine replaced 5/08 under extended warranty. That warranty expired. The light engine has gone bad again. Blue blob and blue streaking. Tech people won't stand behind their repair because its over 90 days. Hitachi service says its too old. 5/04 purchase.

I have a Hitachi 60V500a LCD TV. It is about 5 years old. The picture has a brownish/green background tone, almost like I need to

---

clean the dust off of some screen or something. The color seems to adjust fine. I replaced the lamp just two weeks ago thinking that was the problem - it was no help at all.

Hitachi - Light engine problem, Review 66320 ...

I wanted to know if it was the light engine for the 50V500 which would be a UX22201/d/dr, or was really a UX22203/d/dr and for a 60V500A. It said in the small description that it was a "UX22201 for a 50V500" so it was very misleading.
