A celebrated young chef hailed by the New York Times as a "fearless explorer," brings time-tested heritage techniques to the modern home kitchen. Executive chef and owner of New York City's highly acclaimed Ducks Eatery and Harry & Ida's, Will Horowitz is also an avid forager, fisherman, and naturalist. In *Salt, Smoke, and Time*, he explores ideas of self-reliance, sustainability, and seasonality, illuminating our connection to the natural world and the importance of preserving American stories and food traditions. Drawing from the recipes and methods handed down by our ancestors, Horowitz teaches today's home cooks a variety of invaluable techniques, including curing & brining, cold smoking, canning, pickling, and dehydration. He provides an in-depth understanding of milk products, fishing, trapping seafood, hunting, butchering meat, cooking whole animals, foraging, and harvesting, and even offers tips on wild medicine. Horowitz takes traditional foods that have been enjoyed for generations and turns them into fresh new dishes. With *Salt, Smoke, and Time*, you'll learn how to make his signature Jerky and a host of other sensational recipes, including Smoked Tomato and Black Cardamom Jam, Fermented Corn on the Cob with Duck Liver Butter, North Fork Clam Bake, Preserved Duck Breast & Mussels with Blood Orange, and Will's Smoked Beef Brisket. Complete with step-by-step line drawings inspired by vintage Boy Scout and Field Guides and illustrated with beautiful rustic photos, *Salt, Smoke, and Time* is both a nostalgic study of our roots, and a handy guide for rediscovering self-reliance and independence in our contemporary lives.

Not sure what – or how much – information to share with children and teens regarding sex and sexual health?

Do you fear what they might ask? Or how to respond to their questions? Or whether you even know the “answers” yourself? Saleema Noon knows all about these fears and concerns. An expert in sexual health education and stepparent to two teenage daughters herself, she understands the challenges adults face when addressing sensitive topics with their kids. In *Talk Sex Today*, Noon delivers an intelligent and sensible blend of current, inclusive, and practical information for children and teens – and the adults who love them. Noon builds on the foundational work of iconic sexual health educator Meg Hickling and her bestselling *Speaking of Sex* books to offer adults a break-through guide on teaching “body science.” Together, with a combined 40 years of experience, Noon and Hickling broach a host of topics including: gender identity and stereotypes sexual diversity sexual consent bullying and harassment fostering healthy body image internet safety managing media influence pornography sexual decision-making teaching sexual health to children and teens with special needs Not afraid of controversy and firm in her belief that knowledge is power, Noon's broadly inclusive approach shines with the affirmation that every person – regardless of race, religion, age, ability, gender identity, gender expression and sexual attraction – deserves respect and the information that will keep them safe. This is the ultimate guide to teaching children about sexual health and is ideal for educators and parents alike.

Dance Party Countdown (Groovy Joe #2) Bruce Adams

Guild of Food Writer's Awards, Highly Commended in 'Specialist Subject Cookbook' category

(2022) André Simon Awards shortlisted (2022) "A beautiful book, and one which makes me want to cultivate my garden just as much as scurry to the kitchen." — Nigella Lawson "At its core this book is

about cooking, but it's an essential and valuable resource for folk who love to grow their own herbs and cook. Sorted by individual herbs with detailed notes on how to grow and use them, it's going to

be a book I will turn to a lot over the years." — Nik Sharma Herb is a plot-to-plate exploration of

herbs that majors on the kitchen, with just enough of the simple art of growing to allow the reader to welcome a wealth of home-grown flavours into their kitchen. Author Mark Diacono is a gardener as

well as a cook. Packed with ideas for enjoying and using herbs, Herb is much more than your average recipe book. Mark shares the techniques at the heart of sourcing, preparing and using herbs

well, enabling you to make delicious food that is as rewarding in the process as it is in the end result. The book explores how to use herbs, when to deploy them, and how to capture those flavours to use

when they might not be seasonally available. The reader will become familiar with the differences in flavour intensity, provenance, nutritional benefits and more. Focusing on the familiars including

thyme, rosemary, basil, chives and bay, Herb also opens the door to a few lesser-known flavours. The recipes build on bringing your herbs alive – whether that's a quickly swizzed parsley pesto

when short of time on a weekday evening, or in wrapping a crumbly Lancashire cheese in lovage for a few weeks to infuse it with bitter earthiness. With a guide to sowing, planting, feeding and

propagating herbs, there are also full plant descriptions and their main culinary affinities. Mark then looks at various ways to preserve herbs including making oils, drying, vinegars, syrups and freezing,

before offering over 100 innovative recipes that make the most of your new herb knowledge. *Purposeful Teaching and Learning in Diverse Contexts* R. R. Bowker

Teachers have faced serious public critique regarding their effectiveness and professionalism in classrooms. At every level, their work is often measured solely against student achievement outcomes, often on

standardized tests (Darling-Hammond & Youngs, 2002; Ravitch, 2010). Unfortunately, students who are coming from culturally, economically, and linguistically diverse backgrounds are often occupying the bottom

rungs regarding academic achievement (Ladson-Billings, 1995; Milner, 2010; Hucks, 2014). What are the obstacles and challenges teachers and students face in their respective school settings and how do they

grapple with and overcome them? Finally, what do these teachers and students know that motivates and informs their work? The scholars in this volume will take up these questions and share the findings of their

research in the field of leadership, teacher education, and achievement. These concerns are not limited to the geographic boundaries of the United States of America. Engaging purposeful teaching is an imperative that

concerns students, teachers, teacher educators, educational leaders, and education policy makers around the globe. There are many educators worldwide who are committed to delivering this type of teaching and

promoting learning that is engaged and active. The four sections of the book capture the work of educators in teaching in diverse global settings such as the Australia, United Kingdom, Jamaica, Turkey, and across

America. As diverse populations of students enter American classrooms, it is important for their teachers to have relatable examples of purposeful teaching that are culturally responsive and culturally relevant.

Six Days Millbrook Press
"A gloriously good writer...Ranger Games is both surprising and moving...A memorable, novelistic

account."—Jennifer Senior, New York Times Intricate, heartrending, and morally urgent, Ranger

Games is a crime story like no other Alex Blum was a good kid, a popular high school hockey star from a tight-knit Colorado family. He had one goal in life: endure a brutally difficult selection

program, become a U.S. Army Ranger, and fight terrorists for his country. He poured everything into achieving his dream. In the first hours of his final leave before deployment to Iraq, Alex was

supposed to fly home to see his family and beloved girlfriend. Instead, he got into his car with two fellow soldiers and two strangers, drove to a local bank in Tacoma, and committed armed robbery...

The question that haunted the entire Blum family was: Why? Why would he ruin his life in such a spectacularly foolish way? At first, Alex insisted he thought the robbery was just another exercise in

the famously daunting Ranger program. His attorney presented a case based on the theory that the Ranger indoctrination mirrored that of a cult. In the midst of his own personal crisis, and in the hopes

of helping both Alex and his splintering family cope, Ben Blum, Alex's first cousin, delved into these mysteries, growing closer to Alex in the process. As he probed further, Ben began to question

not only Alex, but the influence of his superior, Luke Elliot Sommer, the man who planned the robbery. A charismatic combat veteran, Sommer's manipulative tendencies combined with a

magnetic personality pulled Ben into a relationship that put his loyalties to the test. **A Principal's Personal Journey** Houghton Mifflin Harcourt

Silicon Valley Girl (Paperback) by Maya Morrow Inspired by the life and works of poet Sylvia Plath, including Plath's published journals, Maya Morrow presents her own coming-

of-age journey in this collection of raw and uncensored diaries spanning a decade and a half.

The story begins Christmas 1984 and ends in 1999, when the author, twenty-six, rediscovers the handwritten diaries for the first time. “These diaries are compelling enough on their own,” Morrow writes. “However, what makes this coming-of-age story different from many others is that it gives the reader a glimpse of not just an average, American middle class girl’s life – it highlights the fact that my life was that, and I’m Afro American. When The Cosby Show came on, I saw my family on television, and didn’t understand why the media said the show was an unrealistic depiction of African American life. It was realistic; it was my life!” Set against a backdrop of cultural touchstones any Gen-Xer would recognize, *Silicon Valley Girl: My Adolescent Life and Times*, and an Ode to Generation X offers a deeply personal look at the emotional life of a teenager of color trying to make sense of race, class, and sexuality at the dawn of Post-Cold War America. 21-Hit Wonder Scholastic Inc.

Rising up the charts seemed, at many points in Sam Hollander’s career, highly unlikely. This is his story of failing his way to the top. As one of the most renowned, multi-platinum songwriters and producers in the game, Sam Hollander has written and produced for the likes of Panic! At The Disco, One Direction, Katy Perry, Ringo Starr, Def Leppard, Carole King, Weezer, blink-182, Jewel, Train, Fitz and the Tantrums, Billy Idol, Tom Morello, and many others. But before he was stacking Billboard hits, Hollander was piling up calamitous flops, false starts, and feeling like the world was moving on and up without him while he spun in place. Today he wears that decade of misses like a badge of honor. In 21-Hit Wonder, he’s collected anecdotes from his wild music industry rollercoaster ride to help aspiring songwriters and other creatives learn about survival, endurance, scheming, hustle, and the importance of laughing even on the worst days of the journey. Music lovers spanning generations and genres will find stories about many of their heroes and industry icons. 21-Hit Wonder is one part chronicle of a songwriter’s storied career and another part love letter to anyone who has been counted out—from no-hit wonders and one-hit wonders to the novelties and the never-beens—and just needs a bit of inspiration to persevere. Sam’s inspiring story is proof that setbacks are just steps on the road to success.
