This original collection demonstrates the importance of sporting practices, spaces and leisure affiliations to understanding issues around identity, (post-) migration, diaspora and transnationalism for global South Asian populations. The chapters provide a critical (re-) examination of the roles that sport plays within and in relation to South Asian groups in the diaspora, and raises a series of pertinent questions regarding the multifarious relationships between sport and South Asianness. The chapters range across a wide variety of disciplines, regions, sports and identifications. They are in conversation with each other while showing the particularity of each diasporic context and relationship to sport. The book encompasses a number of global contexts from the "homeland" (India, Pakistan, Afghanistan) to the diaspora (Fiji, Norway, the US, the UK), and addresses a broad range of sporting contexts, including basketball, boxing, cricket, cycling, field hockey, soccer and golf. The chapters combine a range of qualitative methods, including ethnography, auto-ethnography, participant observation, memoir, interview and textual analysis (film, television and print media). This collection comprises the latest cutting edge research in the field, and will be essential reading for scholars and students both of sport and South Asian diasporas. The 2022 Land Rover Defender might look reminiscent of the 1950s original, but in reality it is a completely modern, high-tech off-roader with unique curb appeal. A trio of engines is offered--a turbocharged four-cylinder, a turbo-and-supercharged six-cylinder, and a supercharged V-8--and all come standard with four-wheel drive. The Defender can be had in two-door 90 and four-door 110 body styles, and advanced-duty off-roading equipment is available on all models, including an adjustable air suspension and locking differentials. There aren't many SUVs that are as capable as the Defender, and they mostly come from Land Rover's lineup. Some may consider the Jeep Wrangler a cheaper alternative, but the Defender has it beat when it comes to on-road refinement and available luxury appointments. There are a lot of things we do not really know about the car. What's that?

Carroll Shelby, legendary driving ace, race team owner, and designer of Shelby Cobra, Daytona, and Mustang GT350 classics is revered by automotive enthusiasts, yet little has been written about the last quarter century of Carroll Shelby ’ s life. During that time Chris Theodore, VP at Chrysler and Ford, developed a close personal friendship with Carroll. The Last Shelby Cobra chronicles the development of the many vehicles they worked on together (Viper, Ford GT, Shelby Cobra Concept, Shelby GR1, Shelby GT500 and others). It is an insider ’ s story about how Shelby came back to the Ford family, and the intrigue behind the five-year journey to get a Shelby badge on a Ford Production Vehicle. The author provides fresh insight and new stories into Shelby ’ s larger-than-life personality, energy, interests and the many unpublished projects Carroll was involved with, up to his passing. Finally, the book

describes their unfinished project, the Super Snake II Cobra, and the serendipitous circumstances that allowed to the author to acquire ‘ Daisy, ’ the last Shelby Cobra. To his many fans, Carroll Shelby was truly ‘ the most interesting man in the world. ’

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt
