Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a

planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Mig Welding Guide Penguin
The New York Times bestselling author of The Millionaire Next Door shares proven strategies and expert advice on successfully entering the affluent market. No one knows the rich like the author and business theorist Thomas Stanley. In this book, Stanley explains what it takes to reach, persuade, and market to this highly targeted audience. Stanley discusses the unique perspectives of wealthy individuals, revealing the needs and desires any marketing campaign needs to address in order to be successful with them. Stanley then outlines several highly effective ways to meet those needs, including how to attract wealthy customers through word-of-mouth recommendations from their friends, family, and business associates. Marketing to the Affluent covers: Myths and realities about the affluent Understanding what the affluent want Finding “ overlooked ” millionaires Positioning yourself as an expert “ No one better illuminates the who, where, and how of the affluent market than Tom Stanley. ” —J. Arthur Urciuoli, Director of Marketing, Merrill Lynch
The Bedford Book of Genres: A Guide and Reader McGraw Hill Professional
These proceedings include a collection of papers on a range of topics presented at the 12th World Congress on Engineering Asset Management (WCEAM) in Brisbane, 2 – 4 August 2017. Effective strategies are required for managing complex engineering assets such as built environments, infrastructure, plants, equipment, hardware systems and components. Following the release of the ISO 5500x set of standards in 2014, the 12th WCEAM addressed important issues covering all aspects of engineering asset management across various sectors including health. The topics discussed by the congress delegates are grouped into a number of tracks, including strategies for investment and divestment of assets, operations and maintenance of assets, assessment of assets ’ health conditions, risk and vulnerability, technologies, and systems for management of assets, standards, education, training and certification.
The Reader's Companion to World Literature Getty Publications
Dr. Stanley shows how to push the "hot buttons" of the people you've found to improve your closing percentage . . . and income. This essential resource reveals the three most important things you can do to land affluent prospects.
Mallard Fillmore-- AuthorHouse
January 6th was a day that will go down in infamy in American History. Insurrection Day lays out a graphic timeline of events that lead up to that day. Angry at what happened that day? Confused? Want to know more about how it happened, and how you can prevent it from happening again? Insurrection Day can help turn anger and confusion into action as it graphically shows the events leading up to that day, and describes actions that all of us can take to prevent it from happening again. Democracy is in danger, and it is up to each of us to

defend it! As much of America did that day, the authors including their resources, watched, live, in horror January 6th as it unfolded. Angered by that day, and also afraid for democracy, they decided to turn fear into action. At the beginning of June 2021, they saw winter coming. This book is the result. This story behind January 6th is still very much publicly unfolding. This is the first chapter in the Insurrection Saga, the next chapter is up to all of us. To the Congressional Committee Carpe Diem!

Oudry's Painted Menagerie Penguin Books

In the 1720s and 1730s, Jean-Baptiste Oudry established himself as the preeminent painter in France of hunts, animals, still lifes, and landscapes. Oudry ' s Painted Menagerie focuses on a suite of eleven life-size portraits of exotic animals from the royal menagerie at Versailles, painted by Oudry between 1739 and 1752. These paintings eventually found their way into the ducal collection in Schwerin, Germany. Among them is the magnificent portrait of Clara, an Indian rhinoceros who became a celebrity in mid-eighteenth-century Europe. Her portrait has been out of public view for more than a century, and it is presented here in its newly conserved state.

The Sporting Set Boyds Mills Press

Tired of complicated Java web frameworks that just get in your way? Stripes is a lightweight, practical framework that lets you write lean and mean code without a bunch of XML configuration files. Stripes is designed to do a lot of the common work for you, while being flexible enough to adapt to your requirements. This book will show you how to use Stripes to its full potential, so that you can easily develop professional, full-featured web applications. As a bonus, you'll also get expert advice from the creator of Stripes, Tim Fennell. As a Java developer, you want to leverage your knowledge and the wealth of Java libraries and tools. But when it comes to web development, many frameworks seem over-engineered and too complex. They have a steep learning curve, and it's just too difficult to get them to do exactly what you need because of their "closed-box" design. Stripes brings simplicity back to Java web development. You'll be up and running in minutes, and can go a long way with just a few simple concepts. You'll spend your time developing your application, not maintaining gobs of configuration. Because Stripes is very transparent, you will understand exactly what is going on from request to response. The popularity of Stripes keeps increasing because of its clean design and extensibility. With this complete tutorial and reference, you can master Stripes and take advantage of its productivity in web application development. You'll tailor the framework to your requirements, not the other way around! This book is packed with explanations and examples so that you learn practical problem-solving techniques. You'll be able to "wrap your head around the framework" and fully understand how Stripes works. When a client requests a feature, you'll answer "yes" with confidence because you're using a framework that lets you get the results that you need without getting in your way. Because of its open design, Stripes lets you easily integrate your favorite tools: tag libraries, AJAX frameworks, ORM solutions, dependency injectors, and more.

A sensible guide for mothers looking to incorporate activism in their parenting to raise empathetic, politically aware children. Acknowledging the dual role of mother and citizen, Scary Mommy writer and mom Farrah Alexander provides empowerment and guidance for the modern progressive mother . . . Mothers are a force to be reckoned with. And after the Women ' s March and midterm elections, moms have surely secured their spot in today ' s feminist movement. But for those who aren ' t ready to make a bid for the presidency, the way forward can seem daunting and unclear. Whether it ' s correcting a misinformed family member about gender equality or running for political office, this bold and accessible primer presents active parents with different types of activism they can incorporate into their parenting, no matter how big or small. With practical guidance, political commentary, and inspiration, this feminist manifesto for moms tackles problems from political representation to sexual misconduct. It doesn ' t just validate present-day feminist frustration, it also offers practical ways to channel it into solutions. Most importantly, it proves that by planting seeds of empathy and political awareness in their children, moms can raise their children to be change-makers. They can raise the resistance. Inside, learn: Self-care techniques for badass moms Strategies for becoming a role model in today ' s feminist movement Different types of activism moms can use to take a stand, and more! Praise for Raising the Resistance “ Will inspire every mom to demand action in their own community and empower them with the confidence and tools to do so. ” —Shannon Watts, author of Fight Like a Mother

Asset Intelligence through Integration and Interoperability and Contemporary Vibration Engineering Technologies Lindhardt og Ringhof

Anyone who has ever been touched by the death of a friend or loved one will want to read this book. It can help you understand that death isn ' t the end, it ' s merely another step in life ' s path. This book touches on a subject that is meaningful to all us, death and the afterlife. Read how a bicycle accident and near death experience changed the author's life along with her understanding of life and death. Out of this experience also came her job of escorting the dead to the afterlife. A job that she says, “ ... is filled with as much heartache as it is joy. It ' s a job that has taught me a lot about compassion and love, but most of all, it has taught me that death isn ' t the end of life. ” The accident opened up a world that most us never see until we die; however, for her, it ' s a world that she visits often while escorting departing souls to their new existence in the afterlife.
