Should It Really Matter Createspace Independent Publishing Platform
Kansas is nicknamed "The Sunflower State," "The Wheat State," and "The Breadbasket of the World." In Kansas, rural and urban come together in a fascinating mix. From the bright lights of Kansas City and Wichita to the star-strewn skies above the Flint Hills, beautiful Kansas will captivate you. Journey across Kansas's endless horizons with the fascinating handbook, *100 Things to Do in Kansas Before You Die*. Sing "Home on the Range" at the cabin where the song was born and watch the buffalo roam at Maxwell Wildlife Refuge. You'll never forget the glorious sound of thousands of cranes singing at Cheyenne Bottoms. Soar above the skies in Wichita, the Air Capital of the World, and with Amelia Earhart in Atchison. Find out why you like Ike at the Eisenhower Library in Abilene. Adventurous cyclists should grind gravel during Emporia's 200-mile bicycle race or ride across the state for two weeks during Biking Across Kansas in June. Discover natural wonders like Monument Rocks, giant marine fossils, and the Arikaree Breaks, the Canyons of Kansas. Local author Roxie Yonkey is your navigator from Route 66 to the Santa Fe Trail, ready to show the ropes to locals and visitors alike. Whether you've never trod the Road to Oz, or whether Kansas is your No Place Like Home, you need this guidebook.

Discover success in global business today with the most strategic approach to international business topics and unique coverage not found

in other texts. *GLOBAL BUSINESS*, 4th Edition, is the first global business book that answers the big question, "What determines the success and failure of firms around the globe?" Globally renowned scholar and author Mike Peng integrates both an institution-based view and resource-based view in every chapter, bringing an unparalleled continuity and strategic approach to the learning process. The book combines an inviting, conversational style with the latest research and examples that reflect the most recent global developments. A wealth of business cases from Mike Peng and other respected international experts delve into how companies throughout the world have expanded globally. All-new video cases that cover each chapter's opening case and closing case, world maps that connect geography and culture to business decisions, and unique global debate sections that draw you into cutting-edge international discussions help you learn to think independently and view business challenges from a truly global perspective. With *GLOBAL BUSINESS*, 4th Edition, you view business through the eyes of a true world citizen and gain the understanding you need to become an effective manager within today's global business landscape.

Gearbox Magazine Courier Corporation

"Kung delivers a touching story enriched by its strong atmosphere," Publishers Weekly, Starred Review "There's much to admire in Kung's debut: vivid Hong Kong backgrounds, a sharp eye for conflicts of class and nationality, and the looming threat to the heroine's family," Kirkus Reviews "Kung finds a key plot element in the hidden lives of the thousands of Filipinas who come to Hong Kong as servants for affluent families and live almost like slaves," The Washington Post "It would be easy to assume that Hong Kong is populated solely by spies and incredibly rich people who made their fortunes off the backs of peasants. What distinguishes this book is a compelling sense of place. This is a Hong Kong readers don't come across very often and the author brings the city alive. It's an unusual debut," Chris Petrakos, The Chicago Tribune "This unusual Far East mystery is as notable for its portrayal of Hong Kong while being returned to Communist China as it is for its intimate study of maternal love. Kung proves an expert storyteller, adroitly probing Claire's psyche, imparting the Far East wisdom she gets from her close friend, a Scottish priest and above all, the maturation under stress of Claire's lover and father of her son. The reader will discover the summoning of a poignant, almost visceral, response to the plight of Kung's besieged principals," Buffalo Evening News, Ed Kelly Foreign correspondent Claire Raymond finds herself uncomfortably sidelined at home on maternity leave. A neighbor's son, Petey, is found dead along the Midlevel district's May Road during the Christmas season only six months before the official handover of Hong Kong from Britain to China. A neurotic anxiety pervades the colonial middle-class and mixes with a mounting religious hysteria among the mistreated Filipina amahs, the housekeepers who slave for Chinese and colonial households. Claire fears for the safety of her own newborn, Caspar. The visit to Hong Kong of

Xavier's ex-lover Fabienne adds to her tensions as she investigates Petey's suspicious death.

Brave New Car Lulu.com

Common sense tells you that you would know if you were evil, but what about the freaking anti-christ? Quite ironically, my name is Faith, and up until a few days ago I was just a normal waitress working a dead end job just to get by. My life was going perfectly crappy just like everyone else, and my dumb ass had to go and screw it up looking for love. When a mysterious dating app installs itself onto my phone I cave and take the bait. Little do I know the four blind dates I'm matched with are actually the four horsemen of the apocalypse, and my life is turned upside down like the crosses they wear around their necks. I barely have enough time to process that angels and demons exist because every angel and their momma is descending from a corrupt heaven to kill me. Backed into a corner I'm left with two choices- try to plead my innocence to God and his army, or become the anti-christ they all think I am and build my own. Are good and evil really as black and white as they're trying to make them out to be?

What is the secret behind every successful product? Why are people willing to pay more for a BMW than a Chevrolet? How could Apple iPhones represent only 4% of the world's cell phone market in 2011 but take in 50% of the profits? The answer is quality. In this provocative new book, bestselling author James L. Adams provides a brilliant, in-depth look at the powerful but elusive qualities that can make or break a product's success. A must-read for managers, designers, manufacturers, and marketers, this groundbreaking approach will change the way you think about your product—and show you why it's more important than ever to deliver the highest quality possible. In *Good Products, Bad Products*, you'll learn how to: : Maximize your product's performance—and minimize the cost Appeal to your customer's emotions—with elegance and sophistication Make sure your product is a perfect fit—that's human, cultural, and global With competition growing stronger and fiercer every year, product quality has become the number-one factor in a company's success. Adams points out that there will always be a stable demand for a high-quality product. By addressing every aspect of product quality—from the technical to the practical to the aesthetic—you can develop a product that your company will be proud of and your customers will love. Along the way, you'll hear fascinating case studies of famous brands that became victims of their own success—like Kodak, IBM, Zenith, and GM—and struggled to recover lost ground. You'll see how some countries like Japan surged ahead by offering better products than anyone on the globe. You'll learn how some U.S. manufacturers remained successful in spite of the foreign market's lower wages. And you'll discover the top industry secrets for prioritizing quality throughout the company, delivering products that are the best in their class. Now more than ever, quality matters. *Good Products, Bad Products* gives you the edge—so you can give your customers the best product possible. James L. Adams is professor emeritus at Stanford University, where he chaired several programs, taught courses on design and creativity, and participated in many executive programs. Trained as an engineer and artist, he has conducted corporate workshops around the world and has written the bestselling guide to creativity and innovation, *Conceptual Blockbusting*.

Earth Day AuthorHouse

Being a gearhead matters. Much as we love reading about the latest hypercar or money-no-object custom project, we believe vehicles owned - and loved - by gearheads like us are just as meaningful, if not moreso. Our readers are self-made. We buy vehicles for specific reasons and we learn how to maintain, modify, and repair them ourselves. (With a little help from our friends, of course!) Everyone you meet in an issue of *Gearbox Magazine* is cool. If you spotted them in a parking lot, you could walk right up to them and strike up a conversation. And chances are you might end up lifelong friends. We're not looking to get

rich and forget our roots. We're trying to make a few bucks so we can spend more time helping gearheads build high performance machines & lives. This issue isn't perfect, but neither are our daily drivers. We hope you'll grab a copy and tell a couple friends about us. Thanks for checking us out. GBXM-united. Better living through busted knuckles.

Earth Day celebrates our beautiful planet and calls us to act on its behalf. Some people spend the day planting flowers or trees. Others organize neighborhood clean-ups, go on nature walks, or make recycled crafts. Readers will discover how a shared holiday can have multiple traditions and be celebrated in all sorts of ways.

The K-Pro BBC Children's

This is a compilation of personally written verses and quotes with the sole purpose of giving inspiration and motivation to people who need it and to those who think they don't.

The End of May Road Penguin Books

With a fresh approach to a common problem, this self-help guide to overcoming back pain advocates adopting the natural, healthy posture of athletes, young children, and people from traditional societies the world over. Arguing that most of what our culture has taught us about posture is misguided—even unhealthy—and exploring the current epidemic of back pain, many of the commonly cited reasons for the degeneration of spinal discs and the stress on muscles that leads to back pain are examined and debunked. The historical and anthropological roots of poor posture in Western cultures are studied as is the absence of back pain complaints in the cultures of Africa, Asia, South America, and rural Europe. Eight detailed chapters provide illustrated step-by-step instructions for making simple, powerful changes to seated, standing, and sleeping positions. No special equipment or exercise is required, and effects are often immediate.
