Hayden Paddon was just a boy

growing up in Geraldine - in love
with racing and dreaming big.
Starting with nothing, and wholly
determined to beat the odds, he set
out on a remarkable 20-year pathway
to the World Rally Championship,
where he footed it with the best
rally drivers on the planet. But it
didn't come easy. In *Driven*, Paddon
details the many highs and lows
along the road to the top. He opens
up about his struggles with
bullying, depression and loss as a
young man, and goes on public
record for the first time about the
2017 accident in which a spectator
was killed and his controversial
dismissing from the Hyundai
Motorsport team in 2018. It's the
real account from Paddon himself,
in his own words, as he sets the

record straight about his dramatic life on and off the road. Driven is captivating, complex and inspirational - a mile-a-minute biography that celebrates self-belief, hard work, and turning dreams into a reality.

While the history of European competition motorcycles has been largely dominated by Italian, British, and German marques, other builders around the continent have also played significant roles from the turn of the century to present. Arranged by nation, this book examines more than two dozen important marques, including Bultaco, CZ, Elf, Husqvarna, KTM, Ossa, Peugeot, and many others. A wealth of rare photography, including a special color section, includes candid shots of the top personalities and the bikes both at rest and at speed.

The Car Book 2008 Redline Books
Exactly 100 years ago in 1910 at Portello on the outskirts of Milan, a new company was established in the

still young world of motoring of the period: Alfa Romeo. A name which, in those 100 years, has become synonymous with cars, so important has its presence been both on the industrial and sports fronts as well as culturally. In this long period of time, the celebrated Italian marque brought to life cars that have entered by right into the history of the automobile and not only that of Italy, like the 1900, the Giulietta and the Giulia. Yet at the same time the company was able to write its own unrepeatable pages in the annuals of motor sport, winning all the most important races: from the Mille Miglia to Le Mans, from the Tourist Trophy to the World Sports Car Championship. An epic about which just almost

everything has been written; but this volume by a great authority on the subject in Maurizio Tabucchi aims to be a tribute to this tremendous story, told above all by pictures, many of them previously unpublished, and supported by brief but exhaustive texts.
