The wedge-shaped V12 Lamborghini flagships were always spectacular – in shape, sound and performance. The Murci é lago was an evolution of the Countach and the Diablo, and was as iconic in its time as its illustrious predecessors were in theirs. This book examines the Murcielago in detail, while casting a look back through Lamborghini ' s troubled history, to understand how the Murci é lago came into being. Ferruccio Lamborghini, Patrick Minram, Megatech, Chrysler, and finally VW-Audi, all played their part in the birth of this modern classic. The book touches on the people and organisations involved in the production of this iconic car, before examining each of the model variants, and discusses the joys and tribulations of ownership.

The sport compact performance market is hot and getting hotter - and while the Honda Civic and Acura Integra have long been the dominant players in the market, a newcomer is emerging as a popular car for performance modifications - The Ford Focus. Well-built, inexpensive, good looking, and easy to modify, the Focus is quickly catching the Hondas in terms of market popularity. This book shows Focus owners exactly what it takes to improve their car's performance, from simple modifications like installing a new air intake to radical mods like installing a turbocharger. The author also shows what those modifications can do, with before-and-after dyno tests for each modification. There's also extensive info on suspension and brake modifications for better handling and braking. It's a one-stop shop for those who want a sharper, faster Focus.
