For the city ' s first two hundred years, the story told at Washington DC ' s symbolic center, the National Mall, was about triumphant American leaders. Since 1982, when the Vietnam Veterans Memorial was dedicated, the narrative has shifted to emphasize the memory of American wars. In the last thirty years, five significant war memorials have been built on, or very nearly on, the Mall. The Vietnam Veterans Memorial, the Korean War Veterans Memorial, the Women in Military Service for America Memorial, The National

Japanese American Memorial to Patriotism During WWII, and the National World War II Memorial have not only transformed the physical space of the Mall but have also dramatically rewritten ideas about U.S. nationalism expressed there. In *Sacrificing Soldiers* on the National Mall, Kristin Ann Hass examines this war memorial boom, the debates about war and race and gender and patriotism that shaped the memorials, and the new narratives about the nature of American citizenship that they spawned. *Sacrificing Soldiers* on the National Mall explores the meanings we have made in exchange for the lives of our soldiers and asks if we have made good on our enormous responsibility to them. *Montenegro Springer Steers* buyers through the the confusion and anxiety of new and used vehicle purchases like no other car-and-truck book on the market. This anthology collects the eleven winners of the 2018 Best American Newspaper Narrative Writing Contest at the Mayborn Literary Nonfiction Conference, an event hosted by the Frank W. Mayborn Graduate Institute of Journalism at the University of North Texas. First place winner: Kale Williams, "The Loneliest Polar Bear" (The Oregonian), relates the tale of Nora, a baby polar bear raised by humans in a zoo after being abandoned by her mother. Second place: Patricia Callahan, "Doomed by Delay" (Chicago Tribune), reveals the experiences of Illinois families with children diagnosed with Krabbe—a deadly disease that healthcare professionals could have screened for

at birth, and ultimately treated, if it weren't for government bureaucracy. Third place: Christopher Goffard, "Dirty John" (Los Angeles Times), is an investigative story that explores the dynamics of domestic violence with a nuanced, psychologically complex narrative of family and survival. Runners-up include John Woodrow Cox, "Twelve Seconds of Gunfire" (The Washington Post); Tom Hallman Jr., "His Heart, Her Hands" (The Oregonian); Jenna Russell, "The Last Refugee" (The Boston Globe); Lisa Gartner and Zachary T. Sampson, "Wrong Way" (Tampa Bay Times); Casey Parks, "About a Boy" (The Oregonian); Jennifer Emily, "Hope for the Rest of Us" (The Dallas Morning News); Kent Babb, "There's

Nowhere to Run" (The Washington Post); and Lane DeGregory, "The House on the Corner" (Tampa Bay Times).

Product strategy is the key driver of business strategy and corporate success. This book brings out several important aspects of product strategy, drawing upon examples from the Indian automobile industry, which is verily the bellwether of the Indian economy. The automobile industry is not only a strategic industry economically but also an instructive industry intellectually. The industry is the cradle of modern management and is a synthesis of various functional strategies. The growth of the automobile industry or, for that matter, any consumer-facing industry lies in its ability to maintain a continuous pipeline of new and innovative

products, substantive in functionality and stylistic in appearance. The automobile industry provides the perfect backdrop for discussing products as the core of the corporate business strategy. The global automobile industry, including the Indian automobile industry, is at an inflection point with portends of an unprecedented transformation. The drivers of this transformation are already seen in terms of connected vehicles, autonomous mobility, electric vehicles and digital technologies. The book, through its eighty chapters, demonstrates the synergistic interplay between technology and business, strategy and execution, innovation and inventiveness, enterprise and regulation, indigenization and globalization, structure and process, resourcing and spend, and leadership and management. This interplay would

determine India's ability to become a major player in this transformation. This book will be of interest to industry professionals, policy makers, the academic community and the general public.

first three official prequel novellas to George R. R. Martin's ongoing masterwork, *A Song of Ice and Fire*. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY LOS ANGELES TIMES AND BUZZFEED These never-before-collected adventures recount an age when the Targaryen line still holds the Iron Throne, and the memory of the last dragon has not yet passed from living consciousness. Before Tyrion Lannister and Podrick Payne, there was Dunk and Egg. A young, naïve but ultimately courageous hedge knight, Ser Duncan the Tall towers above his rivals—in stature if not experience. Tagging along is his diminutive squire, a boy called Egg—whose true name is hidden from all he and Dunk encounter. Though more improbable heroes may not be found in all of Westeros, great destinies lay ahead for these two . . . as do powerful foes, royal intrigue, and outrageous exploits. Featuring more than 160 all-new illustrations by Gary Gianni, *A Knight of the Seven Kingdoms* is a must-have collection that proves chivalry isn't dead—yet. Praise for *A*

Knight of the Seven Kingdoms "Readers who already love Martin and his ability to bring visceral human drama out of any story will be thrilled to find this trilogy brought together and injected with extra life."—Booklist "The real reason to check out this collection is that it's simply great storytelling. Martin crafts a living, breathing world in a way few authors can. . . [Gianni's illustrations] really bring the events of the novellas to life in beautiful fashion."—Tech Times "Stirring . . . As Tolkien has his *Silmarillion*, so [George R. R.] Martin has this trilogy of foundational tales. They succeed on their own, but in addition, they succeed in making fans want more."—Kirkus Reviews (starred review) "Pure fantasy adventure, with two of the most likable protagonists George R. R. Martin has ever penned."—Bustle "A must-read for Martin's legion of fans . . . a rousing prelude to [his] bestselling *Song of Ice and Fire* saga . . . rich in human drama and the colorful worldbuilding that

distinguishes other books in the series."—Publishers Weekly

Hyundai and Kia Motors: The Early Years and Product Development by Donald G Southerton provides deep insights into the rise of the Korean car industry. From the 1960s to early 2000s, political and economic forces impacted the growth and development of the South Korean carmakers, including Hyundai and Kia Motors. In addition, the brands at times partnered for technology with Ford, Mazda, and Mitsubishi, along with world class designers like Giorgetto Giugiaro. Expanding rapidly the Korean brands soon looked to new international markets, including the U.S. Despite the failure of Kia Motors to survive the IMF Crisis, the merger with Hyundai led to integrated technology research, development, and manufacturing-- not to mention the economies of scale needed for the Korean automaker to compete
